111TH ANNUAL REPORT & FINANCIAL STATEMENTS

FRESHWATER

SURF LIFE SAVING CLUB, INC.

AWARDS & RECOGNITION

MISSION STATEMENT

To ensure no lives are lost while on patrol, assist members to achieve their full potential and support the community

Gordon Jones Honour Blazer for Outstanding Service to the Club Wayne Freakley

Senior Club Person of the Year
James Coates & David Price
(joint winners)

Young Club Person of the Year
Andrea Malm

Distinguished Service Awards
Max Jones & Andrew McEwen

Prominent Service Awards
Lindsay Davis, Steve Davis,
Kelly Dobrow, Ross Parry,
Dave Torevell

Patrol of the Year
Patrol 15 - Dierk Hartmann (PC)
Michael Raymer, John Lo Schiavo,
Matthew Dobson, Yvonne Klette,
Shanny Gamble, Anna Bick, Christine
Bick, Marcel Bick, Zoe Bick, Adam
Douglas, Josh Goldrick, Amber
Hartmann, Benjamin Hartmann,
Tao (Justin) Lin, Charlotte Meulman,
Erin Shaw, Sharyn Vickers, Keith
Whitaker, Seren Wilmott, Rachel
Bourgeois, Eliza Douglas, Abby
Edgell, Cameron Hayes, Dyllan
Howison

Patrol Person of the Year
Alexander Needham

Youth Patrol Person of the Year
Grace Seaglove

Rookie Patrol Person of the Year
Davin Kelly

IRB Driver of the Year
Bennett Frerck

Most Outstanding Board Paddler
Tamsyn Curley

Most Outstanding Ski Paddler
Jack Noakes

Most Outstanding Swimmer
Bree Coates

Most Outstanding Masters Competitor
Sigi Hill

Most Outstanding Lifesaving Competitor
Lucas Phillips

Most Outstanding March Past Competitor
Libby Murphy

Most Outstanding Boat Rower
David Maguire

Most Outstanding R & R Competitor
Seb Di Sano

Most Outstanding Beach Competitor
Mila McGettigan

Most Outstanding Board Riding Competitor
No selection this season.

Most Outstanding Team of the Year
Open Patrol Competition Team
Julia Baker, James Crittenden,
Tahlia Dearden, Andrea Malm,
Paul Milinkovic, Lucas Phillips

SLSSNB Branch Team Reps
Leela Scott (U13), Artie Leiper (U14),
Joshua Gedz (U15), Mila McGettigan (U15)

SLSSNB Interbranch Team
Leela Scott, Artie Leiper, Joshua Gedz,
Mila McGettigan

SLSSNB Development Squad
Jaslyn Plummer, Sebastian Ellens,
Tom Northcote, Oliver McDonald,
Charlotte Watton, Leela Scott, Artie
Leiper, Charlotte Block, Joshua Gedz,

IN MEMORIAM

Tim Kirkby

Sadly, after a long and courageous battle with illness, Tim Kirkby passed away on 14 May surrounded by his family. Tim was a member of the club for 23 of his 28 years, having joined the club's nipper program as an U6 in the 1997/98 season. Twenty three years later he left as one of the club's best ever board paddlers, winning medals at Branch, State and Australian level and was a Branch team representative. Along the way he became entrenched in club life as a patrolling member, a patrol captain and over the past 5 seasons as one of the club's board coaches. He was named the club's outstanding board competitor 5 times, was awarded the club's Youth Scholarship Award in 2011 as well as a Prominent Service Award in 2015. His greatest legacy was his dedication and commitment to the board, ski & swim section of the club, particularly in relation to the mentoring of the club's younger members. He will be sadly missed. Vale Tim.

Kay Priday

Kay Priday passed away on 9 February aged 86. Kay was a long time member of the club's Women's Auxiliary Committee throughout the 1970's and 1980's. She was also a foundation member of the nippers at Freshwater in 1966 when it was a separate junior club. She served as nippers' registrar for many years at both club and Branch level. She also acted as chaperone for Interstate teams.

She was actively involved in a range of administrative, social and support functions at the club. Her dedication to the nippers' movement is recognised by the club via the Kay Priday Encouragement Award which is presented annually to a boy and girl in each of the age groups from Under 8 to Under 14. Vale Kay.

Nigel Thomas

It was with shock and disbelief that members learned of the sudden passing of Nigel Thomas while on holiday in Thailand with his family aged 56. Nigel joined the club in 2009 and quickly became immersed in surf club life. With children in the nippers, he offered his support wherever he could, including obtaining his Bronze Medallion and IRB crew certificate so he could assist with water safety duties. When his children ceased their involvement with the club, he continued to be an active patrolling member on patrol 1. Vale Nigel.

Graeme "The Zom" Knox

Sadly, Graeme Knox, former club member and celebrated member of the surf boat fraternity, passed away on 27 May at the age of 73. Known universally as "Zombie" or "the Zom", he was the son of club legend Harry Knox but did not take long to take on his own legendary status both within the club and the wider surf lifesaving movement. A larger than life character, Zom was an accomplished boat rower, winning an Australian bronze medal for the club in the Junior boat event in 1963/64. He was the tour manager for the club's tour to England and Wales in 1974 and was the tour liaison officer for the reciprocal tours by Welsh teams in 1980 and again in 1984. He was the organiser and driving force for the annual Brewarrina to Bourke Outback Classic boat event first held in 1988. His love of surfboats continued throughout his years in lifesaving. He was responsible for the introduction of a range of initiatives which are now common practice in relation to surf boat competition. He was a boat official and announcer for 20 years, wrote a column on lifesaving for the Manly Daily for 17 years and was granted life membership of the ASRL in 2007. Shortly before his death he was awarded life membership of Sydney Northern Beaches. To say he led a full life is an understatement. Vale Zombie.

FRESHWATER SLSC ORGANISATIONAL CHART

PRESIDENT'S REPORT

ALAN BURNS

President

Like all clubs in the SNB branch, the 2019/20 season has proven to be an incredibly testing one for all. Although we are not yet through the latest health crisis, I am reminded of just how proud I am to be a member of the Emergency Services Organisation and specifically, a member of Australian Surf Life Saving.

The season had only just begun when we saw and experienced the effects of the bushfires that ravaged much of our State and resulted in so much destruction and sadly, loss of life. Much has been said and written on the devastation and loss of life but all Freshwater Surf Club members should be very proud to be a part of the Surf Club movement that responded with such generosity to the plight of our fellow Australians. In particular, our firefighters and emergency services personnel have truly embodied what we know as the Anzac Spirit, first defined during the First World War - that is, the capacity of ordinary humans to do extraordinary things when coupled with extreme circumstance - to fight harder, to march further, to dig deeper, to move despite overwhelming odds, no matter the personal imposition or risk - even if that risk

means death. This is the Anzac spirit. It is a spirit that spans generations, defines what mateship means and drives us to be more than we ever imagined we could be.

We had only just begun to recover from the effects of the bushfires when we had to face the devastation of the flooding in the northern beaches and then the current COVID-19 pandemic. At the time of writing, we look to be recovering from this also and again, the heroism of our emergency services personnel has been on display from the beginning.

It is an understatement to say the past season has been an eventful one. Due to the COVID-19 pandemic, we have been forced to close the club for the first time in our existence, our Annual Presentation Night has been cancelled and the Annual General Meeting deferred. Additionally, all patrols were suspended on the 22nd of March, the National Surf Titles were not able to be held and nor were the Club Championships, the first time since 1928. Due to the closure of the club, our income has been reduced to nil from hall hire and now it has been provisionally reopened, more rigorous cleaning measures have had to be instigated

and will need to be adhered to for the foreseeable future.

Our thoughts, prayers and supporting wishes go out to all the families of those members who passed away during this past season. Even in this time of sadness, it was lovely to see the tremendous number of members who lined the streets around the club to pay their respects to Tim Kirkby on his final lap around the carpark. For his family to see all those members coming together as one, many holding boards, boat oars and club flags will long be remembered and hopefully brought a small amount of joy into what was a very sad occasion. The passing of anyone diminishes us all and perhaps some comfort can be taken from the fact that so long as they remain in our hearts and minds, they have never really left us. Vale Tim, Kay, Zom and Nigel.

We are fortunate as a club to have Dierk Hartmann in the role of Club Captain during this time. Dierk expressed his views on the dangers of the COVID-19 pandemic and the need for self isolation and social distancing very forcefully to Branch early on and it is fair to say he provided much needed leadership to Branch by withdrawing our patrols from the beach

on the 22nd March after the Police closed the beach. Our 424 active patrolling members again ensured our beach remains one of the safest beaches in NSW, allowing us to continue with our amazing safety record.

I have said many times before, the effective administration of our club is a huge undertaking and we are so fortunate to have the services of Wayne Freakley as our Executive Officer performing this role. Unless and until you have had the experience of working with Wayne on the Committee, it is difficult to appreciate the level of professionalism and experience he brings to this role.

Some of his duties include - recording and publishing Minutes of our Committee meetings, completing annual returns to Branch, NSW and SLSA. He co-ordinates preparation of our Annual Report, submits annual returns to Dept Fair Trading & National Charities Commission. He also enters patrol logs for our 424 patrolling members and updates member records including service history, competition history, awards and positions held. He also chairs our Governance panel which annually reviews our By-Laws and Constitution and he co-ordinates the Honours Panel for the preparation of internal and external awards nominations. He regularly reviews Circulars and Bulletins issued by Branch, NSW &

SLSA and brings relevant content to the appropriate Director. He prepares water safety risk assessment forms and is the Work Health & Safety Officer as well as the Member Protection Officer. He also prepares submissions & representations to Branch reflecting concerns about the operation of the club, particularly in light of the COVID-19 situation. I am so very pleased to see he has again indicated his desire to remain in his role for another season. This would be his 13th year as a member of the EC and his 12th as Executive Officer. Thank you also to both Gayle Taylor and Michal Brenchley for the enormous amount of work they perform on behalf of the club, assisting Wayne in handling our administrative tasks.

The reporting requirements of our club and in particular those relating to finance, continue to increase and our Treasurer, Chris Tyrrell, spends many hours ensuring we are compliant. You have only to look at the detail contained in the Financial Reports to realise the complexity and depth of what is required to recognise the value of Chris in this role.

Our Education Team under the leadership of Jackie Phillips has again provided an enormous contribution to our club and thank you to all those dedicated and

committed trainers who have assisted her. This year the club attained 171 awards, ran 8 formal proficiencies putting 428 members through their Bronze medallion, Surf Rescue Certificate and Advanced Resuscitation Certificate proficiencies. Proficiencies were also undertaken for 72 IRB Crew and 29 Drivers, 10 Spinal Management, 6 Silver Medallion Aquatic Rescue and 7 Rescue Water Craft Operator. Further details of awards can be found in Jackie's report.

Mary-Louise Parkinson has continued to excel in the very difficult and time consuming Sponsorship and Marketing Portfolio and she is a walking example of the adage, "the harder I work, the more success I have". She has continued to build on our relationships with all our major sponsors and continues to provide a worthwhile contribution during this difficult time.

Congratulations to Kev Crow on the manner in which he has handled the Sport Director's portfolio. I'd like to thank him personally for his contribution over the past 3 seasons as he is stepping down this year but it hasn't stopped him always being available to offer advice and tips on technique to our up and coming ski paddlers.

Under the leadership of our Junior Activities Chairman, Paul McGettigan and his committee, we saw an

increase in Nipper numbers this past season to 800, making Freshwater the largest contingent of Nippers in the Branch. At the time of writing, we are still experiencing various restrictions on gatherings and social distancing. How this will affect the annual membership numbers of the Nippers next season is unknown but Paul and his team are working on different plans for different scenarios.

Former Nipper Chairman, Sam Di Sano, took on the position as Youth Development Officer and as with most other areas within SLS, his portfolio was abruptly curtailed mid season. It is vital for our continued success as a club to develop effective pathways for our Junior members into the Senior club and the EC is fully supportive of Sam's efforts to develop those pathways.

Michal Brenchley is tireless as our Member Services Director and has organised a number of successful club functions from Freshies on Fridays to our annual Life Members function and various Nipper functions. Her role is to provide avenues to all club members to enjoy the club and she is looking forward to continuing with this role in the upcoming 20/21 Season.

As our Director of Facilities, Phil Fagan's focus has been on maintaining the facilities and a full report of his activities can be found later in his report. This is Phil's 9th year in this role and he has decided to step down to give someone else an opportunity

to enjoy the position. Thanks Phil for all your work during your tenure.

Due to the severe disruption to our season, I don't want members to think it has all been doom and gloom. There have been many highlights: We are continuing to liaise with Council on the relocation of our office to a purpose built office space on the mezzanine deck and our leaking roof is no longer an issue.

The EC has again decided to offer a refund of the annual membership fee to all IRB drivers and Patrol Captains as a way of saying thank you for undertaking such difficult and time consuming roles. We were also successful in forcing a vote at the Board of Surf Sports (BOSS) to reduce the percentage of the competition entry fee retained by Branch from 42% to 25% for all Open and Masters carnivals.

My most poignant memory of the 2019/20 season was the Armistice Day ceremony in November when "the Freshwater tree and Remembrance plaque were unveiled on the corner of Soldiers Ave and Oliver St, Freshwater, honouring the 16 fallen Surf Club members who paid the ultimate price for our freedom during WWI. Various dignitaries were present, including the Governor of NSW, Margaret Beazley and the 16 fallen members were represented by 16 young club members, resplendent in patrol uniforms, each placing a poppy in remembrance at the base of the tree.

As always, the Harbord Beach Hotel, with proprietors John Thorpe AM and Trish King and their GM, Sean King deserve special mention as the hotel has been our major supporter for 43 years and we are so thankful for their generosity over this time. The Hotel was sold in January to a consortium headed by Glenn Piper, Lachlan Cottey and Michael Ternes and while we welcome their involvement, we are sad to see the end of such a strong partnership with 'Thorpey' and wish John, Trish and Sean all the best for the future.

Of course, we are also fortunate to have the support of Michael Phillips, GM of the Harbord Diggers Club (part of the Mounties Group) and its Board of Directors, the local branch of the Community bank, the Bendigo Bank, Nature's Care, the providers of the Healthy Care range of health related products, Network 10, Smyth Estate Agency, Bennett Surfboards and we trust their support will continue for many years to come.

Thanks to all the members of the EC and club members who have provided me with support during the season and I look forward to seeing you all on the beach for the 2020/21 season.

*Alan Burns

MOUNTIESGROUP

EXECUTIVE OFFICER'S REPORT

WAYNE FREAKLEY

Executive Officer

It goes without saying this season has been one unlike any which has preceded it. For the first time in the club's history, patrolling activities were terminated early and the club was placed in complete lockdown at the end of March. Not even two world wars and the Great Depression required this level of response to a national crisis. As at the date this report was prepared, it is still uncertain when the club will return to normal operations.

Membership

This year saw an increase in membership numbers across most of the major membership categories. A reduction in the number of cadet members was more than made up for by increases in junior activity, active juniors, active seniors and nipper parent members. Our total membership of 1911 represented an increase of approximately 8.1%, was our highest membership total since the 2016/17 season and our 5th largest overall.

As in previous years, obtaining consistent membership data remains a challenge because of the vagaries of the Surfguard system. Differing membership totals are arrived at depending on which reporting mechanism in Surfguard is used. That this remains an issue more than a decade after the introduction of Surfguard remains frustrating in the extreme.

The table opposite provides a breakdown of the traditional membership base for the 2019/20 season based on the reporting system relied on by the club for the past 10 years.

Based on the latest membership figures provided by NSW (Jan 2020), the club now has the largest overall membership in the Branch, the largest nipper contingent and the 5th highest number of patrolling members. As can be seen

from the table below (which is based on a different reporting system used by NSW and thus explains the difference in our reported numbers), our membership numbers in key areas are well above the Branch average:

	Highest	Smallest	Branch Average	Freshwater
Total members	1903 (Freshwater)	52 (Nth Palm Beach)	903	1903
Nippers	799 (Freshwater)	0 Palm Beach & Nth Palm Beach	319	799
Patrolling members*	1024 (Palm Beach)	16 (Nth Palm Beach)	253	424

**Includes cadet, active junior, active senior and Reserve Active members. The Branch average is distorted by the high number of reserve active members at Palm Beach (592) which is the membership category that allows access to the full range of the club's facilities. The total number of Reserve Active members across the remaining 20 clubs is 153.*

Details of membership categories

Category	Total Members 2019/20	Male	Female	Total Members 2018/19	Member Retention from 2018/19 %
Probationary	0	0	0	4	0%
Junior Activity (5-13)	800	419	381	728	109.9%
Cadet (13-15)	36	19	17	49	73.5%
Active Junior (15-18)	96	53	43	74	129.7%
Active Senior (18 +)	223	159	64	219	101.9%
Reserve Active	3	3	0	2	150%

Honorary	3	0	3	8	37.5%
Other	1	0	1	1	100%
Total	1911			1767	108.1%

Executive Committee

The Executive Committee saw three new faces this season – Dierk Hartmann (Club Captain), Michal Brenchley (Member Services) & Sam Di Sano (Youth Development).

Meetings continued to be held on the second Thursday of each month. As in past years a range of minor business was also conducted off line via email. In response to the social distancing obligations arising from the COVID-19 virus, the Committee was required to “embrace modern technology” for the April & May meetings.

Those meetings were conducted remotely via Zoom and despite a couple of minor hiccoughs, were very successful.

A total of 10 meetings were held and the attendance record of the committee members is outlined in the table below. A combination of improved efficiencies and the use of technology meant the time taken to transact monthly business was generally less than in previous years. The complexity of matters dealt with however remained unchanged. The average meeting time over the course of the year was 1hr 38mins.

Committee Members	Attended	Absent
Alan Burns	8	2
Wayne Freakley	9	1
Dierk Hartmann	8	2
Chris Tyrrell	8	2
Jacqueline Phillips	9	1
Kevin Crow	8	2
Michal Brenchley	8	2
Paul McGettigan	10	0
Phil Fagan	7	3
Mary-Louise Parkinson	9	1
Sam Di Sano	10	0

Club Governance

As part of the overall club governance arrangements, a number of panels operated throughout the season. All generally operated on an as needs basis with some more active than others. Any panels which did not function as anticipated this season will be subject to specific examination during the 2020 By-Law review.

The membership of the various panels was as follows –

Governance Panel –

Wayne Freakley, Alan Burns, Kevin Crow, Paul McGettigan, John Swan & Stephen Bennett

Honours Panel – Wayne Freakley, Ross Parry, David Torevell, Steve Davis & Stephen Bennett

Surf Sports Panel – Kevin Crow, Lindsay Davis, Scott Morrison, Jane Freakley, Bob Evans, Gaven Needham, Nick Doyle & Alex Malm

History Panel – Wayne Freakley, Ross Parry, Eric Middeldorp & Stephen Bennett

Building Panel – Phil Fagan, Alan Burns & Stephen Bennett

Finance Panel – Chris Tyrrell, Steve Davis & Stephen Bennett

Awards Panel – Lindsay Davis, James Crittenden, Ben Kirkby, Kelly Dobrow & Ian Cradock

In order to improve transparency and consistency in the use of club funds and to ensure compliance with relevant financial obligations, a review of the club's financial procedures was commenced during the season. This is intended to be an on-going review which will examine a range of processes and procedures associated with the receipt, safekeeping, investment and expenditure of club funds. The first part of the process has seen

the introduction of new financial expenditure procedures which deal with a range of issues, including –

- Delegations to incur expenditure
- Expenditure approval procedures including the obtaining of quotes
- The approval of authorised providers of goods and services in lieu of seeking quotes each time goods are required or services needed
- Establishment of trade accounts and the authorisation of members to utilise the accounts
- Provisions for the on-going review of the procedures.

SERVICE AWARDS

This season saw the following life and long service members achieve SLSA long service benchmarks –

75yrs – Alan Richardson

60yrs – Paul Morrison

25yrs – Paul Milinkovic

25yrs – Jonathon Chalmers

25yrs – Brendan Quail

25yrs – Kurt Hanson

• **75 years** –

Club Governance cont'd..

In accordance with the constitution, the By-Laws were reviewed by the club's Governance Panel during the July – September period to confirm their on-going relevance. All By-Laws, together with any proposed amendments, were subsequently submitted to the Executive Committee for approval. A summary of the By-Laws currently in force together with amendments made during the course of the year is set out in the table below –

No.	Title	Subject matter	Amendment
1	PATROLS	obligations of members in respect of patrols, including penalties for non compliance	Amended to reflect revised patrol uniform requirements, patrol captains allowed to approve unlimited exemptions, members with 12 months or more experience issued warning letter for missing one patrol. New provision inserted regarding patrol obligations for members transferring for competition purposes.
2	FUNDING ASSISTANCE PROGRAM	requirements for club members receiving funding assistance for training activities related to surf sports competition	New provision limiting repairs to allocated craft damaged during competition or authorised training to \$500. If dispute about when damage occurred onus of proof on member.
3	CRAFT ALLOCATION PROGRAM	requirements for club members allocated craft for use in surf sports competition	Allocated skis limited to members U17 to 21 years of age. Repairs limited to \$500. If dispute about when damage occurred onus of proof on member. Repairs to privately owned craft limited to \$500 when damaged in competition or authorized training.
4	CLUB BLAZER	wearing of club blazer, including Australian Championship winners	
5	CLUB CHAMPIONSHIPS	qualification requirements for club championships, including how club champions are determined in both senior and junior competition	
6	PHOTOGRAPHS & CLUB HONOUR BOARDS	outlines which photographs are to be displayed in the club premises and which club member achievements will be recognised by way of honour boards	
7	COMPETITION PRIZE MONEY & PRIZES	how prize money and prizes won by members in competition is to be dealt with	
8	PROCEDURES FOR MEETINGS	procedures for meetings	
9	MEMBERSHIP CRITERIA AND FEES	guidelines for categories of membership and payment of membership fees	
10	CLUB AWARDS AND OTHER FORMS OF MEMBER RECOGNITION	guidelines for various club awards	Inclusion of reference to heightened level of risk to members re. meritorious award for bravery. Various minor amendments to address incorrect cross referencing to clauses throughout by-law.
11	CLUB OFFICERS AND OTHER POSITIONS	clarification of officer and other positions including duty statements for all positions	
12	JUNIOR ACTIVITIES	management and operational matters concerning junior activities	Minor amendments to clarify existing provisions.
13	CODE OF CONDUCT	code of conduct for members including child protection procedures	Inclusion of reference to club Values Statement & provision confirming no inducements to be offered to members of other clubs to compete for the club.

Membership Records

Work has continued throughout the season to bring membership records up to date in respect of –

- years of service
- official positions held both within the club and other lifesaving entities
- club awards and other forms of recognition
- competition results for championship and other special events

As has been previously noted, it is a time consuming task and it will take some years to complete. Unfortunately in years past, maintaining clear and accurate membership records was not necessarily given a high priority. This has resulted in many information gaps in the areas of positions held, awards and recognition and competition results.

Water Safety Policy and work health and safety

The club continues to utilise the simplified combined risk assessment form for all water based activities. This season a separate assessment document was initiated for the boat section in recognition of their unique circumstances. Overall compliance with the SLSA & legal requirements was much improved this season. Forms were generally completed when required and only a small number of members had difficulty complying with the requirement to wear high viz vests during training sessions.

The COVID-19 crisis required the club to implement more rigid cleaning regimes for the premises, particularly in relation to the gym. These arrangements were however short lived as a result of the complete shutdown of the club in accordance with government directions. During the course of the pandemic, steps were taken to

implement a staged re-opening of the club in accordance with relevant government and health directives. At the date of this report that process is on-going. As part of that process it has also been necessary to develop separate COVID Safe plans for the different areas of the club.

The area of work, health and safety as it applies to club operations remains an on-going concern and more work is needed in this area. All members need to be vigilant to ensure safety protocols are being followed. Non-compliance with SLSA procedures and WH&S legislation has potentially significant ramifications for both the club and individual members, particularly in relation to insurance cover.

Club merchandise

As part of a review of club merchandise procedures, responsibility for this area of club operations was transferred to the Executive Officer. This review was designed to centralise and improve the development, ordering, selling, maintenance and stock taking of all club merchandise. With Michal Brenchley taking charge of the day to day process on a paid basis one day per week, the new arrangements also addressed the need to ensure Michal's position as Director Member Services was not compromised by her taking on the new role.

As part of the changes, a new shop capable of storing all club merchandise was created in the storage area previously used for the club's chairs and tables in the Koolooro Room.

The new approach has seen encouraging gains in efficiencies and financial returns to the club. There has been a marked improvement in stock control. While a backlog of superseded clothing still remains, this will gradually be reduced over the coming seasons to a more manageable level.

Despite the improvements made, old habits die hard and there continued to be incidences of people bypassing the new arrangements and ordering clothing without proper approval. As new arrangements become more ingrained, hopefully this problem will come to an end next season.

General Administration

Administrative obligations continue to increase in number and complexity and the associated paperwork continued its growth. Each of the levels of surf lifesaving administration – Branch, State and SLSA – has specific requirements in relation to the provision of reports and information. There is also a range of government agencies which, in accordance with legislation, the club is obliged to either report to or maintain records for – Department of Fair Trading, Department of Industry, Australian Charities and Not for Profit Commission, One Music, NSW Children's Guardian & ICare to name a few.

An extensive re-organisation of old records was undertaken during the season with a significant volume of records being disposed of via security waste bins. All old records are retained for 8 years prior to destruction, which is 12 months longer than the 7 year period recommended by SLSNSW. Any records of historical significance are retained.

The office arrangements currently see Michal Brenchley working two days per week, with one of those days devoted solely to merchandise. Combined with Gayle Taylor's 4 days per week, it means the club is able to offer administrative support throughout the working week. These arrangements have however highlighted the inadequacies of the current office area. The need to move the office to a new location better suited to housing 2 people as

well as the office infrastructure necessary to support them is crucial. Hopefully the current plans of council to enclose the upper outside veranda area will allow the office to move there and thus solve the problem, at least in the short to medium term.

The surfguard system continued to be used to send out routine and special notices to the general membership electronically. A physical mail out continues to be used for those members without email addresses. We have continued to push the on-line membership renewal process however problems still arise because some members do not follow the instructions properly.

Special Thanks

As always I have to pay special thanks to Gayle & Michal for their on-going support over the past 12 months. Between them, Gayle & Michal attend to the vast majority of administrative tasks associated with the operation of the club, including responsibility for functions and hall hire.

This has been a particularly challenging year as a result of re-organisation of work and the COVID-19 crisis. Neither complains about any request made of them and they constantly go beyond their stated roles to ensure the club continues to function properly. I

could not undertake the role of Executive Officer, and the club would not operate as smoothly, without their support.

As always my wife Jane also deserves special thanks. She continues to accommodate the many hours I spend in "my office" pounding away on the computer and attending meetings on a range of club related tasks. She also has to put up with me being involved with a range of Branch & State related matters. I could not do the job without her support.

*Wayne Freakley
Executive Officer*

SPECIAL THANKS - JOHN THORPE AM & THE HARBORD BEACH HOTEL

The Freshwater Surf Life Saving Club has been extremely fortunate to have had a close relationship with the Harbord Beach Hotel over many decades. However, that relationship went to new levels once John Thorpe AM and Trish King became the licensees and owners of the hotel in July 1978. John, Trish King and son Sean King have been marvellous supporters and sponsors over the past 43 consecutive years..

During that time John has provided just over \$500,000 to the club by way of annual donations. In addition, through their support of the club's Friday night raffles, the club has received a further \$514,500 over the same period. Along the way they have made numerous other ad hoc donations as well as providing prizes for the club's annual Barney Mullins Ocean Swim. They have supported the Australia Day Carnival every year and over the past 25 years have been the sole sponsor of the Masters Carnival. Through their support, the club has benefited from new craft, surf boats, IRBs and other vital lifesaving equipment. The total support from John, Trish and Sean over the past 43 years has been in excess of \$1million dollars.

In 2015 the club was honoured when John agreed to become a patron. In later years, Sean has managed the hotel and like John, has continued to support the club in every way. In recent times the Hotel was sold and Trish and John have now retired and continue to live in the immediate area.

The club's Executive Committee believes it is important we take the opportunity to wish them both a happy and healthy retirement. We sincerely thank them for their incredible support which has contributed to making our club what it is today. We would also like to wish Sean and his family all the best for the future.

TREASURER'S REPORT

CHRIS TYRRELL

Treasurer

Well what a year of ups and downs. During the 2019 / 2020 season the club experienced increased membership across almost all categories, the club shop experienced improved revenue our annual carnival & ocean swim revenue was strong. We were experiencing increased revenue from our hall hire activities all of which were contributing towards a very strong 2019/2020 financial year end, and then the world caught a cold.

COVID-19 took its toll on club revenue, however, as you will note in the attached accounts, it has not had a massive impact on the financial strength of our great club. I put this down to some years of prudent financial management and the overall professionalism and financial control of club funds pre-dating my time as Treasurer. The club remains financially strong and able to withstand a prolonged period of "no" income.

As a result of the COVID-19 crisis and due to our strong financial position, the club was in a position to offer our major tenant "Salt Bush Café" rental relief until the official end of their tenure on 31st July 2020. I am of the belief this was a good decision for all involved as it demonstrated the community support we as a club should be delivering and the Café was indeed very grateful.

The club applied for and received the Government Cash Flow Boost and Jobkeeper allowance payments in order to keep our valued staff members employed as Club revenue basically dried up. The club could not hire our spaces out for functions and could not enjoy our regular bookings as the EC was forced to close the

club until further notice. During this period the EC also agreed to a complete cessation of all discretionary spending. As a result, the club is set for a prolonged period of disruption "if" in fact we experience a prolonged period where income is reduced or worse. The club would need to experience no income for a period of 12 months before our working capital runs out and a further 24 months before we are in any form of distress.

Freshwater SLSC is in good shape.

I must thank the EC for their support this year. Once again we had a committee who were all on the same page and were supportive of each other during a difficult end of year period. I must also thank Steve Bennett & Steve Davis who make up the Finance Committee for their ongoing support. Both individuals always make themselves available for counsel with any pressing decision and for that I thank you both.

Once again, the unsung hero in my role is my wife Lisa Tyrrell. Lisa maintains the MYOB Accounting package for the club, she inputs 3000 entries each year and reconciles the club finances each month as well as assisting in the preparation of end of year club financial reports. Not sure how she finds time to be a world class March Past competitor. Lisa you are a legend.

Financial Commentary

During the 2019/2020 financial year the club experienced income of \$574,694 which was basically on par with the previous year's income, however, during the month of March & April our revenue was substantially reduced due to COVID-19.

After all expenses the club demonstrated a profit of \$58,070 which is a large improvement from the previous year's result. This improved performance can be attributed to the Executive Committee spending controls and improved trading across a number of sectors. You will note that depreciation of \$55,156 was expensed and as this is not a cash item, our profit for the year would be increased to \$113,226 which is a very strong result.

The Balance sheet attached will show a strong asset position and the club has no debts, hence, we are in a very sound financial position regardless of the uncertain economic climate.

I acknowledge that some members may find it difficult to assess the financial reports in the format that the Auditors have produced them. Hence I have attached a detailed profit and loss statement that will break down our trading into a more friendly format.

It has once again been a privilege to be a part of the Executive Committee this year and it has been a joy working with the other members and serving this great club. I look forward to a better 2020/21 season.

Freshwater Surf Life Saving Club Inc

Directors' Report

30 April 2020

The directors present their report on Freshwater Surf Life Saving Club Inc for the financial year ended 30 April 2019.

General information

Directors

The names of the directors in office at any time during, or since the end of, the year are:

Names	Position	Appointed/Resigned
Alan Burns	President/ Chairperson	
Wayne Freakley	Executive Officer	
Chris Tyrrell	Treasurer	
Deandra Godoy	Club Captain/ Director of Lifesaving	Resigned 30/06/2019
Kevin Crow	Director Sport	
Phil Fagan	Director Building & Facilities	
Claire De Paoli	Director Member Services	Resigned 30/06/2019
Garth Callendar	General Director	Resigned 30/06/2019
Jackie Phillips	Chief Instructor/ Director of Education	
Mary-Lousie Parkinson	Director Sponsorship & Marketing	
Paul McGettigan	Junior Activities Chairperson	
Tom Duffy	Youth Development Officer	Resigned 30/06/2019
Clare Freakley	Youth Development Officer	Resigned 30/06/2019
Michal Branchley	Director Member Services	Appointed 30/06/2019
Dierk Hartmann	Club Captain / Director of Lifesaving	Appointed 30/06/2019
Sam Di Sano	Youth Development Officer	Appointed 30/06/2019

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

Principal activities and significant changes in nature of activities

The principal activities of Freshwater Surf Life Saving Club Inc during the financial year were to provide surf life saving services.

There were no significant changes in the nature of Freshwater Surf Life Saving Club Inc's principal activities during the financial year.

Review of operations

Total revenue increased by \$1,997 mainly due to increase in grants/assistance received. Operating expenses decreased by \$57,033 mainly due to decrease touring fund accommodation expenses and increase in closing stock. As a result, the Club recorded a net profit of \$58,071 (2019: (\$961)). Net assets increased to \$825,513 reflecting the operating profit result and net cash position increased by \$50,221 to \$472,589.

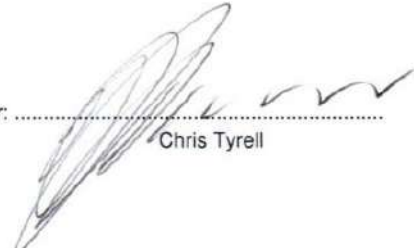

Matters or circumstances arising after the end of the year

Due to the current situation in relation to Coronavirus (COVID-19), the business and economic environment is extremely uncertain. On 11 March 2020, the World Health Organisation declared the Coronavirus (COVID-19) outbreak to be a pandemic in recognition of its rapid spread across the globe, with over 150 countries now affected. Governments are taking increasingly stringent steps to help contain or delay the spread of COVID-19. Due to these circumstances, there is a significant increase in business and economic uncertainty, which is for example, evidenced by more volatile markets,

Except for the above, no other matters or circumstances have arisen since the end of the financial year which significantly affected or could significantly affect the operations of the Company, the results of those operations or the state of affairs of the Company's in future financial years.

Signed in accordance with a resolution of the Board of Directors:

Director: 
Alan Burns

Director: 
Chris Tyrrell

Dated this 18th June 2020

Notes to the Financial Statements

For the Year Ended 30 April 2020

The financial report covers Freshwater Surf Life Saving Club Inc as an individual entity. Freshwater Surf Life Saving Club Inc is a not-for-profit Club, registered and domiciled in Australia.

The principal activities of the Club for the year ended 30 April 2020 were providing surf life saving services.

The functional and presentation currency of Freshwater Surf Life Saving Club Inc is Australian dollars.

The financial report was authorised for issue by those charged with governance on 18th June 2020.

Comparatives are consistent with prior years, unless otherwise stated.

1 Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards - Reduced Disclosure Requirements and the *Australian Charities and Not-for-profits Commission Act 2012*.

2 Summary of Significant Accounting Policies

(a) Income Tax

The Club is exempt from income tax under Division 50 of the *Income Tax Assessment Act 1997*.

(b) Revenue and other income

Revenue is recognised when the amount of the revenue can be measured reliably, it is probable that economic benefits associated with the transaction will flow to the Club and specific criteria relating to the type of revenue as noted below, has been satisfied.

Revenue is measured at the fair value of the consideration received or receivable and is presented net of returns, discounts and rebates.

Membership fees

Annual fees for membership are recognised in the year that the revenue relates to.

Sale of goods

Revenue is recognised on transfer of goods to the customer as this is deemed to be the point in time when risks and rewards are transferred and there is no longer any ownership or effective control over the goods.

(c) Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payable are stated inclusive of GST.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(d) Inventories

Inventories are carried at the lower of cost and net realizable value.

(e) Property, plant and equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment.

Items of property, plant and equipment acquired for nil or nominal consideration have been recorded at the acquisition date fair value.

Plant and equipment

Plant and equipment are measured using the cost model.

Depreciation

Property, plant and equipment, excluding freehold land, is depreciated on a straight-line basis over the assets useful life to the Club, commencing when the asset is ready for use.

The depreciation rates used for each class of depreciable asset are shown below:

Fixed asset class	Depreciation rate
Buildings and improvements	5%-20%
Plant and Equipment	10%-33%
Heritage Centre	2.5%

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

(f) Impairment of non-financial assets

At the end of each reporting period the Club determines whether there is an evidence of an impairment indicator for non-financial assets.

Where an indicator exists and regardless for indefinite life intangible assets and intangible assets not yet available for use, the recoverable amount of the asset is estimated.

Where assets do not operate independently of other assets, the recoverable amount of the relevant cash-generating unit (CGU) is estimated.

The recoverable amount of an asset or CGU is the higher of the fair value less costs of disposal and the value in use. Value in use is the present value of the future cash flows expected to be derived from an asset or cash-generating unit.

Where the recoverable amount is less than the carrying amount, an impairment loss is recognised in profit or loss.

Reversal indicators are considered in subsequent periods for all assets which have suffered an impairment loss.

(g) Cash and cash equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

(h) Employee benefits

Provision is made for the Club's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be wholly settled within one year have been measured at the amounts expected to be paid when the liability is settled.

Employee benefits expected to be settled more than one year after the end of the reporting period have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may satisfy vesting requirements. Changes in the measurement of the liability are recognised in profit or loss.

3 Critical Accounting Estimates and Judgments

Those charged with governance make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below.

Receivables

The receivables at reporting date have been reviewed to determine whether there is any objective evidence that any of the receivables are impaired. An impairment provision is included for any receivable where the entire balance is not considered collectible.

Going Concern

The current situation in relation to Covid-19 has created a business and economic environment which is extremely uncertain.

All operations of the Club have been shut down due to government restrictions which has resulted in substantially reduced cash flows in some areas of operation. The Directors have carried out a substantial review of the expected cash flows of the Club over the next 12 months, taking into account the expected impacts of continuing restrictions.

Based on this review, and the also on the substantial cash reserves that the Club has available, the Directors consider that it is appropriate to prepare the financial statements on a going concern basis.

Should the Club be unable to continue as a going concern, it may be required to realise its assets and liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or to the amount and classification of liabilities that might be required should the Company not be able to achieve the matters set out above and thus be able to continue as a going concern

4 Cash and Cash Equivalents

	2020	2019
	\$	\$
Cash at bank and in hand	172,589	122,368
Short-term deposits	300,000	300,000
	<u>472,589</u>	<u>422,368</u>

5 Trade and Other Receivables

	2020	2019
	\$	\$
CURRENT		
Trade receivables	28,000	25,056
GST receivable	1,350	-
Total current trade and other receivables	<u>29,350</u>	<u>25,056</u>

The carrying value of trade receivables is considered a reasonable approximation of fair value due to the short-term nature of the balances.

The maximum exposure to credit risk at the reporting date is the fair value of each class of receivable in the financial statements

6 Inventories

	2020	2019
	\$	\$
CURRENT		
At cost:		
Clothing stock on hand	101,101	83,544
	<u>101,101</u>	<u>83,544</u>

7 Property, plant and equipment

Buildings and improvement		
At cost	471,294	454,968
Accumulated depreciation	(297,585)	(275,075)
Total buildings and improvement	<u>173,709</u>	<u>179,893</u>
PLANT AND EQUIPMENT		
Plant and equipment		
At cost	284,042	255,014
Accumulated depreciation	(229,184)	(197,753)
Total plant and equipment	<u>54,858</u>	<u>57,261</u>
Heritage Centre		
At cost	213,614	213,614
Accumulated depreciation	(178,881)	(177,666)
Total Heritage Centre	<u>34,733</u>	<u>35,948</u>
Total property, plant and equipment	<u>263,300</u>	<u>273,102</u>

7 Property, plant and equipment

(a) Movements in Carrying Amounts

Movement in the carrying amounts for each class of property, plant and equipment between the beginning and the end of the current financial year:

	Buildings and improvements	Plant and Equipment	Heritage Centre	Total
	\$	\$	\$	\$
Year ended 30 April 2020				
Balance at the beginning of year	179,893	57,261	35,948	273,102
Additions	16,326	29,028	-	45,354
Depreciation expense	(22,510)	(31,431)	(1,215)	(55,156)
Balance at the end of the year	173,709	54,858	34,733	263,300

8 Trade and Other Payables

	Note	2020 \$	2019 \$
Current			
GST payable		-	576
Sundry payables and accrued expenses		13,538	14,436
Other payables		1,995	1,577
		15,533	16,589

9 Employee Benefits

	2020 \$	2019 \$
Current liabilities		
Provision for employee benefits	16,556	14,149

	25,794	14,149
Non-current liabilities		
Long service leave	-	6,390
	-	6,390

10 Key Management Personnel Remuneration

No remuneration was paid to key management personnel consisting of the committee of Freshwater Surf Life Saving Club Inc.

11 Contingencies

In the opinion of those charged with governance, the Club did not have any contingencies at 30 April 2020 (30 April 2019: None).

12 Cash Flow Information

(a) Reconciliation of result for the year to cash flows from operating activities

Reconciliation of net income to net cash provided by operating activities:

	2020 \$	2019 \$
Profit/(Loss) during the year	58,071	(961)
Cash flows excluded from profit attributable to operating activities		
Non-cash flows in profit:		
- depreciation	55,156	57,224
Changes in assets and liabilities:		
- (increase)/decrease in trade and other receivables	(4,294)	13,877
- (increase)/decrease in inventories	(17,557)	-
- increase/(decrease) in trade and other payables	(1,055)	(3,839)
- increase/(decrease) in employee benefits	5,255	5,491
Cash flows from operations	95,576	71,792

13 John Potter Fund

The John Potter fund is held in Trust to be used for the purchase, maintenance and repair of equipment for rescuing people from the surf. The Trustees are members of the committee.

	2020	2019
	\$	\$
Opening balance as at 1 May 2019	29,000	28,000
Steve Bennett & Rick Ware donation	1,510	1,000
Closing balance as at 30 April 2020	30,510	29,000

14 Expected Future Operating Lease Receipts

The group acts as lessor for the following operating lease:

	2020	2019
	\$	\$
Minimum lease receipts under non-cancellable operating leases:		
- not later than one year	30,000	30,000
- between one year and five years	-	-
	30,000	30,000

15 Events after the end of the Reporting Period

The financial report was authorised for issue on 18th June 2020 by those charged with governance.

Due to the current situation in relation to Coronavirus (COVID-19), the business and economic environment is extremely uncertain. On 11 March 2020, the World Health Organisation declared the Coronavirus (COVID-19) outbreak to be a pandemic in recognition of its rapid spread across the globe, with over 150 countries now affected. Governments are taking increasingly stringent steps to help contain or delay the spread of COVID-19. Due to these circumstances, there is a significant increase in business and economic uncertainty, which is for example, evidenced by; more volatile markets, currency exchange rates, and uncertainty in asset values.

Except for the above, no other matters or circumstances have arisen since the end of the financial year which significantly affected or could significantly affect the operations of the Company, the results of those operations or the state of affairs of the Company's in future financial years.

Committee's Declaration For the year ended 30 April 2020

The committee declare that in the committee's opinion:

- the financial statements and notes, set out on pages 4 to 15, are in accordance with the *Australian Charities and Not-for-profits Commission Act 2012* and *Associations Incorporation Act 2009*, including:
 - (i) giving a true and fair view of the financial position of Freshwater Surf Life Saving Club Inc as at 30 April 2020 and of its performance for the financial year ended on that date; and
 - (ii) complying with Australian Accounting Standards – Reduced Disclosure Requirements, and the *Australian Charities and Not-for-profits Commission Regulation 2013*;
- there are reasonable grounds to believe that Freshwater Surf Life Saving Club Inc will be able to pay its debts as and when they become due and payable.

Signed in accordance with subsection 60.15(2) of the *Australian Charities and Not-for-profit Commission Regulation 2013*.

President

Alan Burns

Treasurer

Chris Tyrell

Dated: 18th June 2020

INDEPENDENT AUDIT REPORT TO THE MEMBERS OF FRESHWATER SURF LIFE SAVING CLUB INC

Opinion

We have audited the financial report of Freshwater Surf Life Saving Club Inc, (the Club), which comprises the statement of financial position as at 30 April 2020, the income statement, statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information and the Committee's Declaration of the Club.

In our opinion:

1. The financial report of Freshwater Surf Life Saving Club Inc has been prepared in accordance with Division 60 of the *Australian Charities and Not-for-profits Commission Act 2012* including:
 - (i) giving a true and fair view of the entity's financial position as at 30 April 2019 and of its performance for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards – Reduced Disclosure Requirements (including Australian Accounting Interpretations);
2. We have been given all the information, explanation and assistance necessary for the conduct of the audit;
3. The entity has kept financial records sufficient to enable a financial report to be prepared; and;
4. The entity has kept other records as required by Part 3-2 of *Australian Charities and Not-for-profits Commission Act 2012*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the *Australian Charities and Not-for-profits Commission Act 2012* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia; and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Directors are responsible for the other information. The other information comprises the information included in the annual report for the year ended 30 April 2020 but does not include the financial report and the auditor's report thereon. Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based upon the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Committees' Responsibilities

The Committee of the Club are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards – Reduced Disclosure Requirements and the *Australian Charities and Not-for-profits Commission Act 2012* and for such internal control as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting in the preparation of the financial report. We also conclude, based on the audit evidence obtained, whether a material uncertainty exists related to events and conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the disclosures in the financial report about the material uncertainty or, if such disclosures are inadequate, to modify the opinion on the financial report. However, future events or conditions may cause an entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with the Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We are also required to provide the Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

The engagement partner on the audit resulting in this independent auditor's report is Robert Nielson.

Freshwater Surf Life Saving Club Inc

Statement by Committee in respect of fundraising appeals under the *Charitable Fundraising Act 1991 (NSW)* For the year ended 30 April 2020

We declare that:

- the statement of comprehensive income give a true and fair view of all revenue and expenditure of Freshwater Surf Life Saving Club Inc (FSLSC) with respect to fundraising appeals;
- the statement of financial position gives a true and fair view of the state of affairs with respect to fundraising appeals conducted by FSLSC;
- the provisions of the *Charitable Fundraising Act 1991 (NSW)*, the regulations under that Act and the conditions attached to FSLSC's authority to fundraise have been complied with; and
- the internal controls exercised by FSLSC are appropriate and effective in accounting for all income received and applied by FSLSC from all fundraising activity.

LIFESAVING REPORT

DIERK HARTMANN

Director Lifesaving

On behalf of Freshwater Surf Life Saving Club, I would like to extend my gratitude to all actively patrol-lining members who volunteered their time to keep our beach safe. You are all contributing to making Freshwater Beach one of the most popular beaches on the Northern Beaches and providing a greatly appreciated community service.

I would like to congratulate Andrea Malm and Jordon Dobson for their first successfully completed season as Patrol Captains. Jordon stood out for most prosaic patrol reminders and for withdrawing the patrol from the beach on 22 March as crowds built up to more than the allowed limit of 500 people that morning. A mature decision from a young Patrol Captain. Great leadership Jordon – impressive!

After ten years of active service, of which he spent six years as Patrol Captain, Michael Wright is retiring from Patrol 11. Michael's structured approach has been commended as exemplary by the patrols who had the honour of being led by him. Apparently, many of the applied leadership techniques are the result of ardent study of Dad's Army, a program us other Patrol Captains may have to re-watch, or watch for the first time, while we are still in self-isolation.

Saying that this was not a normal season may be the understatement of the year. While we had ominous signs that our lives were about to change – four months without rain leading to a drought, severe bush-

*40 years of combined surf life saving duty:
Michael Vilnis (11), Bill Smith (9), Matt Wilmot (8),
Mick Daley (7), Chris J Pendray (5)*

fires bringing tragedy to families in regional NSW and taking an unimaginable toll on our wildlife – but, nothing could prepare us for what was in store next.

I think 2020 will remain in our collective memory. Not just for a surf life saving season cut short, but also for HSC preparations via video links, gap years spent at home with parents and siblings, university courses not completed, jobs lost, businesses shut, everyone's IT skills dramatically improved. There are

rumours that some members are honing their skills in the kitchen with some are even making bread. Maybe new careers?

By mid-March, government put laws in place that limited the attendance of events to a maximum of 500 people. At the same time, we decided to limit patrol numbers to minimum requirements reducing the risk of infection to our members and their families. With beach attendance well in excess of 1,000 people we found ourselves not just in breach of the newly introduced law, it also became apparent that we could no longer safeguard the public with minimum patrol sizes. The mere presence of Life Guards and Life Savers on the beach appeared to attract more visitors.

It was a difficult decision to recommend calling an early end to the season and to withdraw our patrols to a watching brief, thereby fully handing responsibility to the Council Life Guards who did a valiant job maintaining a safe environment. At the time, this felt like abandoning the post and leaving the Life Guards to deal with it. It was difficult, because – of course – many of our

members were prepared to continue patrolling while fully aware of the risks. It made me realise how easy it is to make popular decisions – and how much more difficult it is to make unpopular ones.

With hindsight, we took the right actions early. The police closed Freshwater Beach in the early afternoon on 22 March and Council erected the Covid-19 signs. A week later we would all be in self-isolation, restaurants, gyms and many other businesses would close and many lost their jobs. The following Friday SLSA called the official end to the season.

One positive thing that seems to have come out of weeks of self-isolation is that parents get to spend a lot more time with their children. I love seeing all the families being out cycling, hiking, running and swimming. It is brilliant.

While Australia and New Zealand are doing a great job at limiting the contagion, I do expect that some restrictions will remain in place when we kick off the next season in September this year. I am certain we

will have a new season and would like to encourage you to renew your membership early to support the club and your patrol.

I hope you are all coping physically and mentally well with living with the current restrictions and that you and your loved ones are healthy and safe.

I look forward to seeing you all on the beach next season.

The Stats

Congratulations to yet another season with no life lost while Surf Life Savers were on duty. The fact that Freshwater is one of the safest beaches in New South Wales is a result of your vigilance, the countless preventative actions, the active engagement with members of the public, raising awareness of conditions with swimmers and surfers, and the application of your skills when incidents and injuries occur.

Patrol 5 won the Rescue of the Month award for March 2020 for the rescue of a surfer who turned out to have a C1 spinal fracture. C1 is the vertebrae at the top of the cervical spine. You can all imagine how critical the correct response and treatment of this patient was. The patient is expected to make a full recovery and credit goes to Ian Hill's team and Tom Duffy who happened to be the attending paramedic on the day.

We had a mass rescue during a training event, some swift board rescues and other slightly less dramatic spinal incidents, the usual fin chops, splinters, blue bottle stings and other cuts and bruises. All patients attended to were in good hands and made full recoveries and equally important, all our life savers were well and without injury.

According to Surfguard, despite the shortened season, Freshwater SLSC members patrolled for 8,333 hours. To put that into perspective, a year has – for most of us – between 220 and 230 eight-hour working days. That means our members have patrolled the full time equivalent of 4½ working years this season. That is impressive!

Real action shot – not staged! Bill Smith and James Crittenden.

I am sceptical about the 8 hours in April recorded on Surfguard in the graphic opposite and I am sure the number of board and IRB rescues was higher. I think this demonstrates that while we record the weather six time per day, more important information is not being captured with increased uptake of the SLSA Patrol App. One reason will be lack of familiarity with the app and the time it takes to find the path to enter the data. We'll need to explore how we can improve on the capture of data that represents our rescue and prevention activities more accurately.

Proficiencies – respectively the lack of proficiencies

We currently have 424 actively patrolling members, of which 84 are SRCs and 340 are Bronze and higher medallion members.

Of those, we have some members who are patrolling but who are not registered as proficient. Some of these are recording errors, where the proficiency has been attended, but not correctly recorded. However, there is a small number of members who are not proficient. This includes some SRCs who earned their award the previous season, but who were unaware of the requirement to undertake annual proficiencies.

I would like to remind all patrolling members of the need to undertake an annual Bronze proficiency. All SRCs, please also attend the Bronze proficiency. There is no special SRC proficiency.

The main concern for us is that you are not covered by our insurances, should you have an accident or injury while on patrol if you are not proficient. If you are not proficient, we will not allow you to attend patrol.

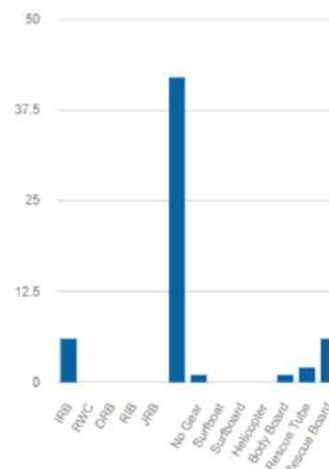

As we have some non-proficient members, we will aim to organise a proficiency at the beginning of next

Patrol Hours To Date

April

Rescues To Date
Total Rescues : 58

season – Covid-19 allowing – so that you are able to patrol from the beginning of the season. I will contact those who are currently registered as non-proficient prior to the season to ensure there are no errors in our records and to let you know when we run our first proficiencies of the season.

Freshwater UAV Report

I extend my appreciation to Cheryl White, David Newhouse, Kelly Dobrow and Lachlan Brink who became UAV Operators last season and have carried out UAV Patrols this season in Support Operations.

What a phenomenal first year for UAV Operation in SNB. Our SNB

UAV training started in mid September and by early December I had around 50 newly endorsed UAV Operators in our Branch, and State have recognised SNB's successful and extraordinarily rapid increase in UAV Operators as well as fulfilling our UAV patrolling obligations to a very high level. I did have the advantage of having two of our Branch members being A380 Pilots and following my recommendation, they quickly became our UAV Facilitators after completing their UAV Facilitators Course.

UAVs have a very important role in surf rescue surveillance patrols and support operations. It is more than looking for 'marine creatures', and is more to do with surf safety, identifying rips, people in trouble or potential trouble. UAV Operations is available to every SLS member and I encourage you to become a UAV Operator. Go to the SNB UAV webpage and download the UAV Operations Manual with links to training videos. In the future, each Club will have the opportunity to have their own UAV for additional surveillance and surf safety.

Wal Dobrow
SNB UAV Advisor

Patrol 2 – Luke Jarman

Well that was anything but a normal season. Little did we know that we would be doing the last patrol of the year at Freshie on Sunday afternoon, February 23. How quickly the world has changed.

Rhiannon, Seb and Liam got their bronze last season. Aussie John, Paul and Simon always on the frontline with their rescue tubes. David and Gabe Newhouse a family affair. Another family affair for the past 10 years at Freshie is Cathy, Siobhan and Rhiannon. Carl our human fish. Ben, Dale and James crazy people who row boats. Sam left us...well only for a day or two to get married. And Ryan and Andre finish the equation that is Patrol 2.

We had cold and wet conditions, we had hot to sweltering hot. From no swell to big swell that closed the beach. Through it all, Patrol 2 were there. We made 87 rescues and 219 preventatives. I love being part of Freshie Surf Club and more being part of the best patrol at Freshie...Patrol 2. What I love about patrol 2 is their commitment, always there, always supporting each other.

Who ya gonna call? Duh...Patrol 2. Thank you to everyone on Patrol 2....hopefully things change and we are all back next season.

...while others are lying low. Matt Chapman displaying the team's impressive sandcastle building skills – Above and beyond the flags. That's Patrol 2.

Patrol 3 – Peter Block

Patrol 3 had another strong season as we again welcomed a number of new Bronzies this year. Our team continues to grow and develop in both enthusiasm and skill and it's a great pleasure for me to lead them.

Once again we preserved our key call out of "no lives lost between the flags".

We continue to work constructively and positively with the Council life guards whilst allowing our members time to work on their skills and for some discovering the joys of board rescue and ocean swimming.

It was particularly pleasing to see our new members like Olivier (our French import), Jodie, Bianca, Kate, Lewis, and Thomas rise to the challenge of patrolling and importantly enjoy the experience alongside the broader team.

The season was disappointingly cut short given the COVID-19 situation and as such we were unable to fulfil our full season obligations. We collectively look forward to a big 2020/2021 with great weather and a decent wave and hope to see you on the beach next season, back amongst what we love best!

William and James Smith in action for Patrol 13

Patrol 6 – Deandra Godoy

Safe to say this was our shortest season, and just as we were on the verge of welcoming a whole bunch of brand new patrol members to boost our small patrol we were unable to complete our last patrols. Nonetheless, I have enjoyed every bit of being a patrol captain to Patrol 6, and hearing about the new adventures that Olivia and Oliver jet off to in between patrols; or the group debate and recommendations on what next to watch on Netflix when we have those cold-remain-under-the-tent patrols. I stand by my statement that I have the best patrol, though we're a small patrol it's great to have a team that meshes so well together. A huge thanks to my patrol and I look forward to seeing everyone next season!

Patrol 7 – James Crittenden

Thanks to Patrol 7, yet another amazing season was had (even if it was cut short by COVID-19). Starting in the off-season where we were announced as 'Patrol of the Year' there was high expectations for season 2019/20, with a number of the patrol reaching their 10th season straight. Joined by new faces Jake & Sophia, the team as always diligently patrolled the flags!

This season we had some amazing weather and with it the busy crowds at the best beach going around. As always a number of the patrol uplifted their skills either on a board or more formally the IRB or first aid.

Thanks for the banter, fun and memories and I look forward to another awesome season!!!

Patrol 8 – Paul Lemlin

We sadly seemed to be unlucky with conditions for patrols in the early part of the season with a number of wet/windy afternoons and few people on the beach. We then had a premature end to the season due to the corona virus – so 19/20 won't be remembered as a great one for patrol 8. On a positive note, we had relatively few incidents to deal with this year – which is great. We sadly bid farewell to a few of the team who were heading off travelling or to University – but I hope they will return and rejoin us at some point in the future. It was good to have a number of new team members, keen despite the weather and wanting to get involved. I hope the lack of action and conditions haven't dampened their enthusiasm. I would like to thank the whole team for their professionalism, commitment and hard work over the last 6 months. We've a level high level of advanced awards meaning the work gets shared around. The team are great at self-organizing – which makes my job as patrol captain so much easier. Thanks team! – look forward to seeing you all back on the beach next season.

Patrol 10 – Kim Cook

Thanks to awesome patrol 10 for another successful season. We saw Josh gain his IRB crew certificate and Mike his ARTC. Arthur, Jensen and Jess converted their SRC to bronze medalion. We also welcomed new members Taine, Sam, Georgina, Tania and Xavier. This has really bolstered the strength of our team. Highlights include Taylor's and Jason's baking, patrolling from the leaky boardroom in the big storms with the boys volunteering to pack away the IRB in a sand storm (free exfoliation!), patrol members volunteering to stay behind and help door knock in Narrabeen in the storms, and the contagious energy and enthusiasm of the SRC girls.

Looking forward to doing it all again next season!

Patrol 11 – Michael Wright

Despite calamitous bushfires, raging storms and pandemics, our season was relatively quiet in terms of the number of beach incidents. We were not blessed with great weather during the season and had more than our usual share of cold, wet patrols including a couple with very heavy surf.

None of this dampened the enthusiasm of the group who turned up willing and able to perform their duties regardless. The low number of incidents even on challenging days is a testament to the vigilance of the group who always focus on prevention and keeping up our high standards of beach management.

We had a good number of members completing higher awards and the depth of the patrol is excellent with a strong core of highly skilled and long-standing members. Kris Burrows and Michiel Tops completed their Silver Medallions in Basic Beach Management and participated in running the beach over the last few patrols. They are now keen and ready to take over as captains and beach managers.

We have also been strengthened by new and enthusiastic bronze medalion holders.

Like everyone else, our season came to an untimely end due to that novel and unwelcome virus. Patrol 11 will be back next season ready to go.

Patrol 12 – Greg Gardner

We usually get the sunshine on Patrol 12 though on our first for the season we were greeted by some rather ominous storm clouds blanketing the sky. Perhaps a sign of things to come given the COVID outbreak with an unprecedented early end of season.

Apart from that Patrol 12 had another cracker. By mid-December the good weather was back. We kept up with our busy Saturday afternoon patrols. The team, made up of a good compliment of SRC's some new on board, did a great job. We went about our duties putting into practice our surf lifesaving skills gained through our excellent course trainers and assessors who are involved with both individual awards and proficiency programs run by the club.

We performed a couple of rescues and a thousand or so preventative actions and our usual share of first aids, including one gentleman who suffered a rather nasty gash to his hand from a fishing knife. We also had an animal rescue of a seagull. That said one of our fellow Freshie members since transferring to the Saturday morning shift with Patrol 11, now thinks he has wings. Evidenced by our joint Patrols 11/12 photo. Captains Michael Wright and Blake Dyer please keep Michael grounded.

I would like to thank all the crew for their ongoing commitment and effort to get the job done. It is not easy at times. Especially during busy days with a packed beach, trying to keep the swimmers in the flags and board riders in their areas. Some members of the public can also be a challenge even as you remain calm, professional and courteous. Big thank you to Andrea "Bommy" for keeping our SRC's busy on

the less demanding days, IRB Drivers Nigel and Jamie Dunn, as well as our Council Life Guards who have always got our backs. Just the best all round, very grateful.

Stay safe and take care during these challenging times. Look forward to seeing you on the beach next season.

Patrol 14 – Ben Hildyard

We were lucky to have no major dramas again this season, but we had our usual bad luck with the weather – windy, last one rained off, we had large parts of trees washed up on the beach doused in freshly released water pollution (you know what I mean) – character building perhaps. Once again, the team were professional, proactive and ambassadors for SLS in advising and keeping all beachgoers safe. We had one get engaged, a few go to the Aussies and one qualify for the Olympics – let's hope coronavirus is a distant memory by 2021. Looking forward to sunnier days next season.

Patrol 15 – Dierk Hartmann

Patrol 15 has a remarkable number of experienced members, with some serving well past their 10-year Long Service entitlement, the stand outs being John Lo Schiavo (Bronze Medal-

Social Distancing in practice

lion 1983) and Sharyn Vickers (Bronze Medallion in 2003). Talking about a dedicated core for this patrol would be quite inaccurate, as everyone on the patrol is dedicated to surf life saving, Freshwater SLSC and the team. This was illustrated by the attendance of a whopping 27 people on patrol on 22 February. Sadly, that was our last "normal" patrol this season. We had to cut back to minimum numbers for our last patrol of the season on 21 March to minimise the risk of infection of our members and their families.

With such an experienced team making up the bulk of the patrol it can be quite intimidating for newcomers to join. It was great to see that Erin, Seren, Zoe, Rachel, Eliza, Abby, Cameron and Dyllan didn't only rejuvenate the team, but also made themselves right at home.

Congratulations go to Rachel Bourgeois, who competently rescued a swimmer in distress with a professionally delivered board rescue on her very first patrol – well done!

We had uncharacteristically good weather throughout the season, somehow managed to have relatively clear patrol days throughout the bushfires and perfect surf conditions. We had some board rescues, fin cuts and blue-bottle stings, but overall little drama on the beach. I attribute this to the great focus on prevention, spotting hazards and trouble before it can lead to incidents and injuries.

Patrol 15, please accept my sincere gratitude for another great season, for your dedication to the team and for being such great companions. I look forward to seeing you all next season.

The last Patrol standing...

LIFESAVING AWARDS

Patrol Person of the Year

Alexander Needham (Patrol 3)

Xander has patrolled for 104 hours this season, easily topping the Freshwater SLSC chart for most patrol hours of the season.

Xander has attended all rostered patrols and extensively supported other patrols and volunteered setting up and providing water safety for the Sun Run Aquathon. He has delivered double patrols on nine days.

Xander is diligent and competent, working on his own initiative without requiring much, if any, instruction. He is a great help and an asset to any patrol and water safety event. Xander achieves this tremendous contribution quietly and without drawing much attention to himself.

Xander has made a significant contribution to the club in a difficult year, always stepping up when patrols needed support.

Youth Patrol Person of the Year

Grace Seaglove (Patrol 4)

Grace transferred from Mona Vale to join Freshwater SLSC in October 2019. Despite the short season, Grace attended a total of nearly 63 hours in life saving and water safety this season, the fourth highest number of patrol hours delivered by any member this season.

Grace is the IRB driver for Patrol 4, helped at the Barney Mullins, supported the Sun Run Aquathon during which we rescued a total of 12 swimmers and provided extensive substitute cover on other patrols.

Grace has embraced her first season at Freshwater with great initiative and enthusiasm.

She also competes for the club as a member of the boat section.

Her commitment to volunteering for water safety events is fantastic and she has responded to the challenge of balancing training commitments with surf life saving activities with great maturity.

Grace has made an immediate impact and become a valuable member of Freshwater SLSC.

Rookie Patrol Person of the Year

Davin Kelly Patrol 6)

Davin Kelly - he was fresh to Patrol 6 this season after completing his bronze in late November 2019. He was incredibly hopeful and engaged with two first aids situations we did while on patrol including a dislocated shoulder. Davin completed a total of 17.5 patrol hours.

IRB Driver of the Year

Bennett Frerck (Patrol 13)

Bennett changed patrols to provide IRB driver cover to a patrol that did not have a driver at the beginning of the season. He attended a total of 35 hours this season. Bennett is a highly motivated, conscientious and reliable team member who is a great asset to his patrol.

He has been a member of Freshwater SLSC since September 2006, patrolling for the last seven years, with a total of 251 hours to date.

He thoroughly deserves this recognition.

100% Patrol Attendance

The minimum number of hours to achieve full patrol hours this season was 29.5 hours to 31.75 hours for those patrols that had 7 patrols up to 22 March.

Members who have achieved at least 29.5 hours are considered to have delivered 100% of the expected hours, provided they attended all rostered patrols or arranged substitutes for patrols missed and made up the missed hours on other patrols.

Unfortunately, 28 members, some of whom patrolled for almost 50 hours this season, did not make the list. Next season, if you wish to be formally recognised for your valuable contribution to the club, please arrange a substitute for the patrols you are not able to attend.

The 51 members on the 100% list delivered an incredible 25% of the club's patrol and water safety hours this season. You truly are "high achievers". Thank you for your great contribution to the club and the community on the Northern Beaches.

Patrol of the Year

The Patrol of the Year award was difficult, because it created a significant conflict for me. The patrol that I have been a member of since 2007 and have led as Patrol Captain for the last 9 seasons has never been in contention for the award and in my first season as Club Captain it is the patrol that had the lowest number of No Shows relative to its patrol size, which is the criterium with the highest weight for the award. It is also the patrol that delivered the highest number of patrol and water safety hours this season.

The Patrol of the Year award for the 2019 season goes to Patrol 15. All members of this patrol are listed under Awards on page 2.

Over the last ten years, Patrol 15 has grown into a squad with an enthusiastic commitment to surf life saving. Several members have patrolled for more than ten years and return every season for the friendships they formed and out of a sense of civic duty.

A demonstration of this commitment is that a total of seven members feature in this year's 100% list. On the last pre-Covid patrol, on 22 February, the patrol had 26 surf life savers on duty, complemented by substitutes and volunteers who made up hours missed on other patrols.

Being such a tight-knit team, it was great to see that the patrol welcomed the influx of younger newcomers this season, actively mentoring the SRCs and encouraging the new Bronze members to achieve higher awards.

On a personal note, I would like to thank all members of Patrol 15 for their friendship, guidance and encouragement. I remember humming and hawing whether to return the following season or not. That has stopped long ago – the loyalty to you, and your loyalty to the Club and the Patrol keeps me going.

In response to the imagined catcalls: I must admit that the awards at the end of the season weren't at the forefront of my mind when I took on the

role of Club Captain. Now that I learned to get data quickly out of Surfguard and to avoid similar embarrassment next year, I'll plan to report the patrol statistics in the monthly newsletter and will solicit the support of the Patrol Captains to report newly earned awards of their patrol members.

To all members:

The most important criterium for the Patrol of the Year award is the number of No Shows. If you want to give your patrol a chance to be in contention for the award, please do arrange substitutes for the patrols you cannot attend or at least let your Patrol Captain know that you can't make it (giving you an "Excused" rather than a "No Show").

We had several patrols this season where we just met minimum requirements. Patrolling with five or six members on a busy day is difficult and can be stressful – it is not fun. Help your patrol and make surf life saving enjoyable for everyone by arranging substitutes.

IRB REPORT

JOHN LO SCHIAVO

IRB Captain

Half a season is better than no season!

We submitted to Branch that the IRB's could still continue operations as the crew person was separated from the driver by 1.5m, therefore meeting the COVID19 social distancing requirements. However, branch didn't like the idea of leaving the patients at the end of the 1.5m roll over rope.

The season got off to a great start by qualifying 10 new Drivers in the end of the off season and 14 new Crew. The IRB Section welcomes:

Drivers:

Andrew Braund, Ben Blakney, Ben Brink, Caitlin Price, Diana Bridgford, Jack Hurrell, Jock Tyson, Grayson Killen, Oliver Koltz, Alexander Needham.

Crew:

Samuel Carnell, Caoimhe Daly, Lewis Dickson, Maxwell Glackin, Amber Hartmann, Scott Lynch, Yuta Mori,

Joshua Morrison, Stephen Naughton, Derek Schaefer and Samantha Wood.

The Club has also been fortunate to have received a new IRB hull sponsored by the Harbour Diggers club. The Club has also purchased two new 25HP Mercury engines after obtaining an exemption from Australia ban on 2 stroke engines. The section will be running them in once we are allowed to start operations again.

The Section provided water safety support to the carnivals hosted by the Club with a highlight being 5 IRB's and a jet ski on the water all manned by Freshwater for the Australia day Carnival. The Section also supported The Barney Mullins swim, the Fast & Furious carnival, the Freshwater Masters Carnival, the Sun Run swim and the state titles at Swansea.

I would like to start this report by expressing my gratitude and great appreciation for the team of dedicated and committed trainers at Freshwater SLSC. Across the board they have made a significant commitment to the members of the club, existing and new, in supporting them to achieve their training goals. I would also like to thank Gayle Taylor and Michal Branchley whose administrative support is critical to our ongoing activities.

This year across the club we attained 171 awards and a summary of awards achieved includes:

- 10 Advanced Resuscitation Techniques
- 65 Bronze Medallion
- 41 Surf Rescue Certificates
- 14 First Aid Awards
- 1 Certificate III in Public Safety (Aquatic Search and Rescue)
- 1 Pain Management Certificate
- 10 Silver Medallion IRB Driver
- 11 IRB Crew Certificates
- 8 Silver Medallion Beach Management
- 8 SSV Operator Inductions
- 2 Training Officer (ART and BM)

Proficiencies

This year we ran 8 formal proficiencies (plus some special ones) for Bronze Medallion (340) and Surf Rescue Certificate (30) patrolling and competition members. This year we trialled running Advanced Resuscitation Techniques (58 members) as a separate proficiency so we could spend more time with members going over the skills, and received really positive feedback and will be looking to build upon this in the 2020-21 season. A really big thank you to our delegates this year, those people who aren't formally qualified as trainers or assessors but put their hands up to help with proficiencies on the day.

EDUCATION REPORT

JACQUELINE PHILLIPS

Director of Education

Your efforts are greatly appreciated and maybe you might even consider coming on board to assist with training next year. Thank you to Kevin Crow, Mark Gilbert, Michiel Tops, Paul Milinkovic, Lucas Phillips and Nathan Smith.

Proficiencies were also undertaken for IRB Crew (72) and Drivers (29), Spinal Management (10), Silver Medallion Aquatic Rescue (6), Rescue Water Craft Operator (7) and congratulations to Jason Gard who achieved his Gold Medallion proficiency which is essentially undertaking the same assessment as those who achieve the award the first time.

Community CPR

The FEAT team also participated in community CPR training in collaboration with Freshwater Community Bank and thanks to Deandra Godoy and Belinda Dobson for volunteering their time to helping me do this.

FEAT Team Members

Our ability to maintain such a high level of training for new members (SRC and BM), and ongoing attainment of higher awards (eg First Aid and ART) and qualifications for Freshwater members is only possible because of the commitment and time generously volunteered by our trainers, some of whom also further contribute their time and skills as assessors and course facilitators. Congratulations also to Edward Farrell and Kelly Dobrow, who both received their Certificate IV in Training and Assessment.

“Congratulations to all members, both new and old, who obtained a new award this year”

Advanced Resuscitation Techniques

Under the expert guidance of Lindsay Davis, Sharon Johnson and I helped run one primary ART course this season. Next season we will be looking to encourage more members to gain this high level qualification. Congratulations to the following members for achieving this award (which can be one of the more stressful assessments).

- Annabel Murphy
- Emily Thornton
- Jessica Douglas
- Joanne Veitch
- Kim Cook
- Kris Burrows
- Michael Brace
- Michiel Tops
- Scott Lynch
- Will Thomson

Bronze Medallion (by Steve Davis)

This season there were 4 Bronze courses in total, three prior to Christmas 2019 and one large course in mid January 2020.

Course 1: As in prior years, Lindsay Davis undertook to clear the decks early of any Freshie cadet members (SRC's) who were or had turned 15 over the winter months and therefore were eligible to do their Bronze. The course commenced in early September with 12 candidates, with the final candidates passing in early December due to closed beaches and clashes with school commitments.

Course 2: A squad of 14 candidates commenced their training on Sat 12 October with a cross section of Nipper parents and younger age boys and girls. All candidates passed with flying colours and were a pleasure to train as they were all committed and enjoyed their involvement as a group to learn all the necessary skills. It was also pleasing to see a number of the younger ones who were total strangers at the beginning of the course form some great friendships over the 6 weeks to the point they requested to be on the same patrol when they graduated. A special thank you to Lindsay Davis, John Goldrick, Dave Torevell and Andrew McEwen for their training input.

Course 3: A squad of 9 candidates commenced on Sat 26 October, run by Dee Godoy and Belinda Dobson. Belinda acted as a mentor for Dee who was completing her second Bronze group as a trainee instructor and is now a fully qualified Training Officer for the Bronze Medallion. Unfortunately one of the group had to delay their assessment until Feb 20 due to ill health but the remaining candidates were all successful at their dry and wet assessments on the day.

Course 4: A final squad of over 30 BM candidates including some SRC to Bronze and an SRC candidate commenced their course on Sat 18 January. It was never anticipated that we would have such large numbers but the interest from outside local people was quite overwhelming and together with a group of Nipper parents and younger boys and girls it was very hard to turn them away. Fortunately, an experienced group of trainers stepped up to allow this large group to continue.

Special thanks to Lindsay Davis, Dave Torevell, Andrew McEwen, Sue Walmsley and Andrea Malm. A special mention to Andrea for the professional manner in which she undertook her training responsibilities. Due to the size of the group we needed to make available various training times to accommodate them being Monday and Tuesday nights for the theory and Sat morning and afternoon for the water based training. It would be remiss of me not to recognise the contribution Pete Obern provides with his surf skills session. This was a diverse group of candidates

but they all showed an enthusiasm to learn and then to go on and apply these skills in a patrolling environment. What is promising is that a good number of this group were locals who are more than likely to continue their membership with the Club.

We would like to congratulate all our new Bronze members and welcome them to the beach as full patrolling members.

Surf Rescue Certificates (SRC) (by Kelly Dobrow)

The 2019/2020 season saw 2 groups of Freshwater candidates qualify for their Surf Rescue Certificate award.

Course 1: The first intensive SRC course was run over 3 weeks and began in September 2019 with trainers, Kelly Dobrow, John Goldrick and Sue Walmsley. All 26 candidates successfully passed their SRC assessment on 22 September 2019 and were already patrolling prior to the unscheduled early close of the season. This was the first time an intensive 3 week format was trialled and it seemed to work well with this group of mostly existing Freshwater nippers who already had a couple of years of water skills under their belt.

Course 2: We also ran another SRC course starting on 16 October 2019 with trainers Kelly Dobrow, Andrew McEwen, Emily Lemlin, Tahlia Dearden and Tom Duffy (content expert on surf skills). All 15 candidates passed their assessment in challenging surf conditions at North Curl Curl on 17 November 2019.

This course comprised many non-nippers who did a great job building their surf skills and grasping the finer aspects of resuscitation and first aid. In fact, several members from this group (and a couple from a previous SRC group) joined together to form 4 Under 15 First Aid teams. These four teams competed at State and won the top 4 positions qualifying them to compete at Aussies.

The Surf Rescue Certificate is the entry level award into all of these members' lifesaving careers and it is important we make it as fun as possible. I think the smiles on these member's faces and the fact that just about all of them are patrolling say it all.

Congratulations to the following new SRC's:

- | | |
|--------------------|-------------------|
| ▪ Alexia Black | ▪ Elani Plummer |
| ▪ Angus Williams | ▪ Emma Dunn |
| ▪ Anneliese Pamp | ▪ Faith Thompson |
| ▪ Archie Hodgson | ▪ Felix Perego |
| ▪ Artie Leiper | ▪ Finley Hendry |
| ▪ Cameron Hayes | ▪ Finn Inchley |
| ▪ Charley Stephens | ▪ Harrison Braund |
| ▪ Dyllan Howison | ▪ Henry Edgell |

| | ▪ Zoe Bick |

First Aid

We had a number of members renew or gain their First Aid in a day long course at the club, which we ran in October and November. Unfortunately, we had to cancel the April 2020 course due to the club shutdown but will have another course ready to go as soon as we are allowed. Congratulations to the following members:

- | | |
|--------------------|-------------------|
| ▪ Andrea Bohm | ▪ Luke Thornton |
| ▪ Ben Blakeney | ▪ Max Gander |
| ▪ Jack Noakes | ▪ Mia Glasson |
| ▪ Jacqueline Stark | ▪ Mia Moon |
| ▪ Kelsey Crawford | ▪ Michael Pastega |
| ▪ Liam Wiseman | ▪ Natalie Berger |
| ▪ Linda Wiadrowski | ▪ Taylor Mills |

Pain Management Certificate.

Special mention also to Sharon Johnson who received her Pain Management Certificate.

Certificate III in Public Safety (Aquatic Search & Rescue)

Congratulations to Ben Chalmers for achieving this qualification.

Training Officers

Sharon Johnson for achieving her ART Training Officer qualification and Deandra Godoy for her Bronze Medallion Training Officer qualification.

IRB

This year, under the guidance of John Lo Schiavo, David Price, Luke Jarman and James Crittenden, we were able to train 10 drivers to help with much needed support on the beach across the different patrols.

Congratulations to the following members who achieved their IRB Silver Medallion.

- | | |
|---------------------|-------------------|
| ▪ Alexander Needham | ▪ Diana Bridgford |
| ▪ Andrew Braund | ▪ Grayson Killen |
| ▪ Ben Blakeney | ▪ Jack Hurrell |
| ▪ Benjamin Brink | ▪ Jock Tyson |
| ▪ Caitlin Price | ▪ Oliver Klotz |

And with a course that finished in December, we had 11 new IRB crew join the ranks. Congratulations.

- | | |
|-------------------|--------------------|
| ▪ Amber Hartmann | ▪ Samantha Wood |
| ▪ Caoimhe Daly | ▪ Samuel Carnell |
| ▪ Derek Schaefer | ▪ Scott Lynch |
| ▪ Joshua Morrison | ▪ Stephen Naughton |
| ▪ Lewis Dickson | ▪ Yuta Mori |
| ▪ Maxwell Glackin | |

Silver Medallion Beach Management

Silver Medallion Beach Management is a leadership award and is required by our Patrol Captains and Vice Captains, supporting them in their capacity to lead our patrols. It is also a requirement for those wishing to do their Gold Medallion. Congratulations.

- | | |
|-------------------|------------------|
| ▪ David Newhouse | ▪ Kris Burrows |
| ▪ Diana Bridgford | ▪ Matthew Dobson |
| ▪ Emily Thornton | ▪ Michiel Tops |
| ▪ Jessica Douglas | ▪ Rebecca Ulloa |

SSV Operator Induction

Being given the keys to the side by side vehicle (SSV) doesn't come easily and this year we got a few new drivers on the beach. Congratulations.

- | | |
|---------------------|------------------|
| ▪ Alexander Needham | ▪ Jason Urquhart |
| ▪ Diana Bridgford | ▪ Jock Tyson |
| ▪ Ethan Cradock | ▪ Kim Cook |
| ▪ Jack Hurrell | ▪ Oliver Klotz |

Freshwater Surf Club relies on the generosity and financial support of our sponsors and supporters. As we transitioned through a difficult end to the season and year, we have looked to ways in which our members can support our ongoing loyal sponsors.

Our sponsors give to the Club generously. We, in turn, encourage you to support these wonderful businesses, which, year on year, provide us with financial support and therefore financial stability.

MAJOR SPONSOR HARBORD BEACH HOTEL

This season we have seen the transfer of ownership from John Thorpe AM & Trish King to new owners Glenn Piper and Lachlan Cottee. Harbord Beach Hotel has remained loyal, long-term supporters of our Club for over 40yrs. Run by locals for locals we will no doubt see some changes to the Hotel but our partnership remains strong.

Harbord Beach Hotel supports nearly every event at Freshwater Surf Club. They give generously every year to help the financial stability and running costs of the Club and also support us whenever we need a discount voucher or someone to fund Nippers gear.

FRESHWATER COMMUNITY BANK BRANCH (BENDIGO BANK)

Did you know that 80% of all profits from Bendigo Bank are put back into community projects? To date Bendigo Bank has provided our Club with over \$175,000. This doesn't include all the add-on support it provides for the Barney Mullins Swim with swim caps, water bottles and two x \$500 cash first prize awards.

Our local Freshwater Branch of Bendigo Bank is honest, is staffed and owned by locals and gives so generously to our Club and so many other community projects. They quietly go about their business, without fanfare, without big bonuses with honesty, integrity and friendliness.

Time to make a change and bank locally. Call Kasey, Sandy, or Simone to talk about transferring your personal and or business banking to them today.

SPONSORSHIP & MARKETING REPORT

MARY-LOUISE PARKINSON
Director Sponsorship & Marketing

SEA (SMYTH ESTATE AGENTS)

Founded in 2007 James Smyth brought his experience as a money market trader and his passion for real estate together to realise his dream of creating his own local real estate company. James has supported our club for over ten years and deserves our support in return. James has been involved not only as a sponsor but as an active valuable club member.

James knows our local real estate area like no other. He will give you personal service, ensure you find what you are looking for or find the right buyer for your property. His fantastic, friendly staff will take all the worry out of managing your property, whether renting or letting a property. Pop into his local office in Freshwater Village and mention you are from the Club – you will be greeted with a very warm smile.

HARBORD DIGGERS (Mounties Group)

The Diggers have been a long-term supporter of the Freshwater Surf Life Saving Club. A strong partnership has remained between the two Clubs with the original founders of the Diggers being founding members of the Freshie Surf Club.

This year our annual grant from The Harbord Diggers (Mounties Group) provided a much needed new IRB. Launched at the Barney Mullins Swim the new IRB couldn't have come at a better time with one of our other IRB's taken out of action due to damage.

We hope to continue our close relationship with the Diggers and thank them for their continued sponsorship.

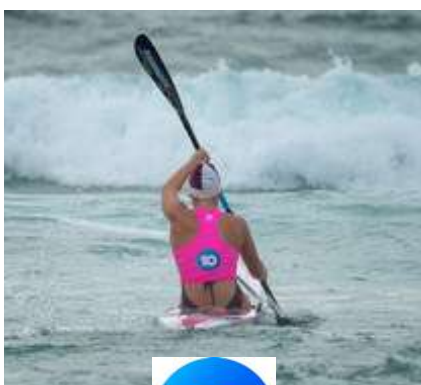

NETWORK 10

Our newest major Club sponsor is Network 10. Network 10 generously supported this season's Nippers with hi viz vests and age manager sun shirts. We look forward to many more seasons in partnership with Network 10. Enjoy great family programming with shows such as Master Chef, Neighbours, Gogglebox and more.

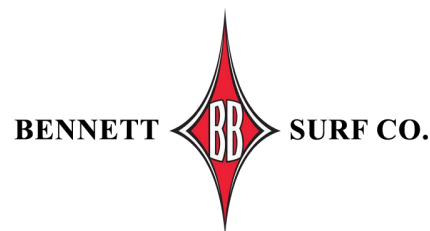

HEALTHY CARE (Nature's Care Australia)

Healthy Care manufactures their range of health care products locally at Belrose. It's from this facility that they ship their products all around the World. Products are 100% Australian owned and retailed in Australia through Chemist Warehouse.

BENNETT SURFBOARDS

A family tradition since 1956, Bennett Surfboards has been in the surfboard business longer than any other Australian manufacturer. Greg Bennett has always maintained his strong roots in the surf life saving environment and for over 40 years has supplied thousands of paddle and rescue boards to our club as well as many others.

Bennett Boards are our major sponsor of the Freshwater Bennett Fast and Furious - the premier junior event on the northern beaches. Thanks to Bennett Boards for their continued and generous support of our Club.

LOCAL BUSINESS SUPPORTERS

- **The Freshwater Butcher** - Freshwater Village. - Mark and Lucy Tindal
- **Bakers Delight** - Freshwater Village - Kevin
- **Harbord Growers** - Stocklands, Balgowlah - Anthony
- **Signarama** - Manly Vale - Pravin Vala
- **Wavescape Orthodontics** - Riaan and Kristelle
- **Skywood Climbing** - Yoshi
- **Pilu** - Marilyn and Giovanni
- **Keel Surf Supplies** - Tarshie and Jason

NEW SPONSORS - Great Exposure with a Great Club

Gain maximum exposure to one of the largest Surf Club memberships in NSW as well as over 350,000 beachgoers. If you want your name displayed with our Club, want to gain exposure through our social media then contact us today.

BRANCH, STATE & SLSA RECOGNITION & ACTIVITIES

As well as recognising our club sponsors, it is important the club also recognises the significant and on-going support provided to all clubs and the life saving movement in general by those organisations who sponsor the activities of Branch, NSW SLS and SLSA. Their support and generosity results in a range of direct and indirect benefits to all clubs, including our own. Many thanks to the following supporters of surf life saving –

Branch

- International College of Management (ICMS)
- DHL
- Streets Ice Cream
- Dee Why RSL Club
- United Resource Management (URM)
- Westfield Warringah Mall
- Brookvale NIS
- Holden
- NSW Government
- Northern Beaches Council
- Northern Beaches Hospital
- Speedo
- BRP
- SLSA
- SLSNSW

NSW and SLSA

DHL as a National Major Partner of Surf Life Saving and for their significant uniform sponsorship, enabling uniforms to be provided free of

charge to patrolling life-savers.

Westpac as a National Major Partner of Surf Life Saving for their significant sponsorship towards the Westpac Lifesaver Rescue Helicopter Service, the oldest civilian search and rescue service in Australia

BRP for their continued support in providing subsidised ATVs and RWCs through the BRP Grant Program.

Your **local club** for their support of the NSW State Championships.

ClubsNSW for their continued support of clubs through the ClubGRANTS funding program.

The club also acknowledges the support and financial assistance provided by **Surf Life Saving NSW & the Surf Life Saving Foundation** through their State wide fundraising activities.

The generous support of the general public and our donors is also much appreciated. Without their support in purchasing raffle tickets and making donations, NSW SLS would not be

able to distribute the much needed funds now received by clubs across the State.

The support of the **NSW and Commonwealth Governments** of the lifesaving movement is also acknowledged. In particular –

- The **NSW Government's Department of Justice** for the ongoing funding of state-wide operations.
- The **Federal Government** for the Beach Safety Equipment Funding which directed \$5,000 to every SLSC for the purchase of vital rescue equipment, first aid and medical supplies.

UNITED RESOURCE MANAGEMENT

Let's go there

Dee Why RSL Club

northern beaches council

SURF LIFE SAVING NEW SOUTH WALES

Supported by the

Just as they've supported us during the patrol season, Freshwater always tries to support our wonderful sponsors...

MEMBER SERVICES REPORT

Michal Brenchley
Director Member Services

This is my first season as Member Services Director. Having spent many years in the Junior Side of the Club it has been interesting seeing how the Club runs from the Executive side, and what an experience it has been so far. This year I have been privileged to have been able to work with a wide variety of sponsors, executive members and other senior members in the club and have been able to put names to faces that I have been seeing in and around the club for years.

The Member Services role is a social one and one that encompasses all the faces and personalities within the surf club. From the Life Members and House of Lords to Nippers, not to mention all the amazing volunteers who help out with carnivals, functions and not forgetting all the patrolling members who help to keep our beaches safe.

I have thoroughly enjoyed the personalities, the characters and the endless banter across all areas of the club and want all members to know that they contribute to the culture of our wonderful club.

The role of Member Services is to provide avenues to all club members to enjoy the club and all that it has to offer. These services are inclusive of all members of the club and their friends and families.

I thoroughly look forward to continuing my role in the upcoming 20/21 Season and the challenges this brings to our Club and Community.

Highlights from the season

Life Member Event

2019 was the third year that we hosted the Life Member and 50 years of service to Life Saving event. It was one of my favourite events of the year. It was so lovely to watch old mates get together and they are all so welcoming to new members and happy to share stories of the "old days".

This was also a chance to again thank sponsors Freshwater Community Bank Branch Bendigo Bank, Greg Bennett from Bennett Boards and also The Mounties Group for all their generosity over the years.

Again, these functions cannot be pulled together without the help of our volunteers, Renee McGettigan for helping with the creations of the beautiful invitations, Gayle & Rob Taylor & Mary Louise Parkinson.

City to Surf

Again, the Club continued to support the City2Surf 2019. A bunch of dedicated Freshie members & friends volunteered their time on a chilly early Sunday morning to get on the bus which was very thankfully organised by Dave Torevell and headed to the City and the start Line.

Each year it seems to get a little harder to rally up volunteers for these types of events, so I would really like to again thank Mary-Louise Parkinson in assisting me in getting the group together.

Freshwater SLSC Value Statement

This season the club felt it was important to introduce to members a club "Value Statement" which highlights our values and beliefs which aims to identify what our core values and beliefs as a volunteer organisation centred on serving the community. This is displayed opposite.

Thank you to all members of the Executive and volunteers for making my first year as Membership Services Director a good one.

Enjoy the off season.

**As members of
Freshwater Surf Club
we value –**

- F**riendship across all age groups
- R**ecognition of effort
- E**ncouragement for all activities
- S**afety being paramount
- H**olding true to our Club values
- W**elcoming all
- A**cknowledgment of all achievements
- T**reating others with respect
- E**mbracing diversity
- R**esponding to others in need

COMMUNITY INVOLVEMENT

This past season has again seen the club and its members support a range of community based activities. The Executive Committee recognises the importance of the club engaging with the local Freshwater and wider community and so continues to encourage and support participation by members in these events. This ensures the club retains its traditional position as a integral part of the social, recreational, sporting and cultural fabric of the area.

Our largest community event is the annual Barney Mullins Ocean swim which this year attracted some 500 participants. This is subject to a separate report opposite .

CITY TO SURF

As has been the case for many years, in August 2019 a bus load of members travelled to the city in the early hours of the morning to undertake marshalling and crowd control duties for the annual City to Surf. This has long been an important event on the club's annual calendar.

EMERGENCY OPERATIONS SUPPORT

In January club member David Price was part of a joint Surf NSW Task Force which was deployed to the South Coast to staff an evacuation point and conduct evacuations around the Sussex Inlet area during the bushfire crisis.

In February, club members answered the call for volunteers and assisted in the evacuation of residents who were victims of flooding in the Narrabeen Lakes area as a result of heavy rain. The members involved were James Crittenden, Ethan Cradock, Jason Urquhart, Joshua Morrison, Kai Wilson, Bennett Frerck, Kelly Marsh, Caitlin Price and David Price.

WATER SAFETY SUPPORT FOR COMMUNITY EVENTS

Throughout the year the club's IRB section provided water safety support for a number of annual community based events, namely:

- Bondi to Watson's Bay swim – at the same time supporting club member Kim Cook who was swimming for the cancer research organisation CanToo
- The Cole Classic
- The Three Points Challenge
- Sun Run Aquathon

STEWART HOUSE CHRISTMAS PARTY

Freshwater members Eric Middle-dorp and Brian Baker, ably supported by caretaker Josh Mitchell, provided valuable assistance to Stewart House in December by providing transport for Santa and his presents to the Stewart House Christmas party.

SOLDIERS AVENUE – TREE OF REMEMBRANCE

On 11 November a number of club members together with those from the local community were in attendance for annual Armistice Day commemorations. This was particularly significant as it saw amongst other things, the official re-dedication of the Freshwater Surf Club Tree which had been planted many years ago in honour of the 16 members who paid the ultimate price in World War 1. In the presence of the Governor, Club President Alan Burns and 16 younger members in patrol uniforms representing those who made the ultimate sacrifice, a new plaque was unveiled at the base of the tree recognising the commitment of club members to the war effort.

COMMUNITY CPR TRAINING

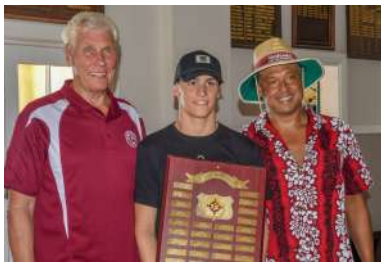

This season the club again collaborated with the Freshwater Community Bank Bendigo Branch to provide CPR training to members of the public.

OTHER COMMUNITY INVOLVEMENT

In December the club lent its support to the local Christmas Carols in the Park event conducted by the local St Marks Church. Club facilities were made available to the organisers including the opportunity to use the main hall in the event of inclement weather.

The club again received a number of requests during the season to assist with the scattering of ashes of local & wider community members who over the years, have developed a relationship with the beach. On a number of occasions club members gave up their time to man the club's IRB and surf boats to allow ashes scattering ceremonies to be conducted.

The club is also approached periodically by various charitable organisations who wish to use the club facilities for fundraising and other associated activities. Subject to any prior bookings, the club does all it can to accommodate such requests, often at no charge.

BARNEY MULLINS SWIM CLASSIC 2020

Andrew de Vries, Convenor

The tradition continues at Freshie with the annual Barney Mullins Swim Classic held on Sunday 1st March, 2020.

Blessed again with glorious weather and ocean conditions, we had a near record turnout with 644 entries, slightly shy of the 688 in 2019.

Ocean conditions were superb for the duration of the event with a water temperature hovering between 23–24°.

We set the course a little further than the advertised 1.5km to make sure everyone got value for money – and there were no complaints.

Our two fastest swimmers each received an awesome Speedo prize pack including backpack, costumes, goggles and caps. They were Ned Wieland age 18 (18m:18s) and Freshie's own Tamsyn Curley age 17 (20m:46s).

Carl Sorensen was the fastest Freshie member for the second year running (3rd overall) in a time of 18m:47s. Congratulations to Carl on winning the coveted Barney Mullins Shield.

A few key changes in structure this year gave the event a fresh face and all appeared to be well received.

We used the front of the clubhouse to great effect, with an event results board proving a popular focal point for swimmers after the race.

The presentation area was dressed up with the Freshie sponsors backdrop and replica Dukes Board featuring prominently.

Post-race water was a far more environmentally friendly affair with biodegradable paper cups and water stations provided by the council.

We also took advantage of the large crowd on hand to hold an official launch of the recently donated IRB just before the start of the race.

The family of George “Barney” Mullins attended the Swim with great enthusiasm and commitment as they always do.

By all accounts, everyone enjoyed

the day, with the Barney Mullins Swim Classic now firmly established on the Ocean Swimming calendar as one of the favorite events of the year for swimmers.

Thanks to all our fabulous Freshwater SLSC members and their families for helping on the day making for another successful event. Special thanks must go to each of the section heads for coordinating their areas so well.

The Swim is a significant fundraiser for the club, and this year we raised around \$14,500 from the day.

Thanks also to this year's event sponsor, the **Freshwater Community Bank® Branch of Bendigo Bank** and other sponsors – Speedo, the Harbord Beach Hotel, Engine, Skywood Climbing, Harbord Diggers, Keel Surf Shop, Harbord Growers, Freshwater Bakers Delight and Freshwater Butcher.

Next year's swim is scheduled for 10am Sunday, March 1st, 2021.

FACILITIES REPORT

PHIL FAGAN

Director Facilities

This year the focus has been on maintaining the facility with minor upgrades and improvements for the benefit of our members.

Key achievements this year include:

- A complete upgrade of the club's security and fob system.
- Installation of new stainless steel gates in the amenities block.
- Construction of a clothing store, stocked and ready for when the club reopens.
- Construction of a kitchenette and installation of A/C in the boardroom.
- Construction of a pergola in the rear courtyard.
- Extension of the storage space beside the Koolooro Room.

- Repainting and repairs to the downstairs area of the club including patching and painting of the floor where the patrol gear and IRB are kept.
- Installation of defibrillators in the Koolooro Room and outside the main entrance to the club.

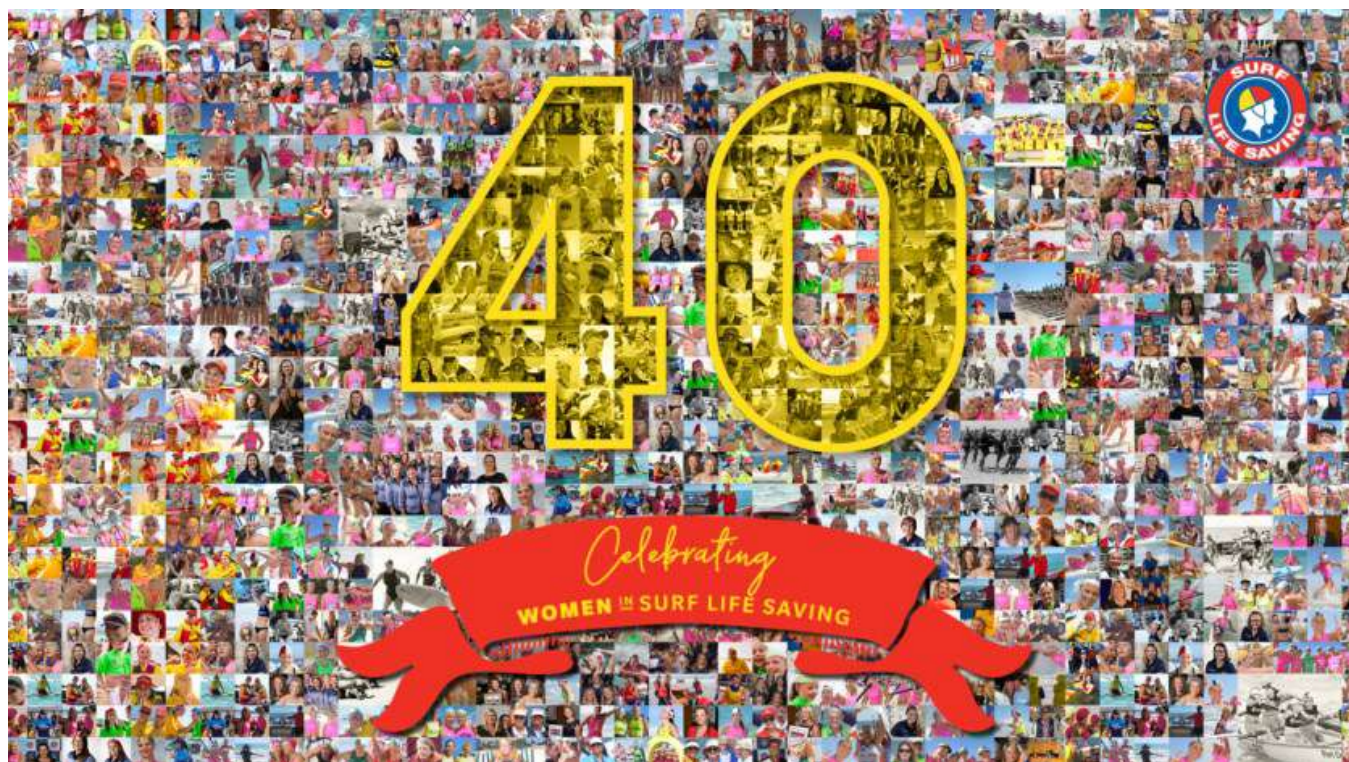

Unfortunately during the course of the season the TV in the foyer used to display historical club records was damaged beyond repair. The outside defibrillator was also damaged as a result of the extreme weather event in February. Insurance claims for both are being pursued. It is hoped both will be replaced in the near future.

Hand sanitisers, paper towel dispensers and signage were installed at key locations through-

out the club in response to the Covid-19 pandemic.

Enhanced cleaning procedures including the engagement of a commercial cleaner to attend the club once every day, were implemented.

In this current climate I trust everyone remains safe and well and I am sure we all look forward to the re-opening of our club.

No doubt like most other areas within SLS, the Youth development portfolio was abruptly curtailed mid season. Due to social distancing and self isolation requirements and guidelines, little contact was possible post February. Ironically, just as young people were returning to normal school and study routine post summer holidays, COVID-19 spelled the end to our contact.

Nonetheless, it was encouraging this season to have had good contact with our young charges in the final years of Nippers and early cadet years in the 15-19 age group, albeit the latter group were the ones with whom I was able to have minimal contact.

Our main aim through this Youth Development role is a really simple one - holding on to our young members and keeping them involved and active in the club. To do so, we have an obligation to ensure what we provide is worth them being a part of.

We began the program with introducing to the U14 age group our new values and beliefs statement. Over successive Sundays we introduced the age group to the wider opportunities to be involved here at Freshie with presentations from Lindsay Davis on patrols, First Aid and Champion LifeSaver events.

Carnivals and club champs have been a feature of this part of the season, but in between we have been able to lead the age group through the important process of choosing their respective male and female nipper captains and nominations for JLSOTY.

In the new year more representations and recruitment followed with Boats, IRB, R&R as well as Freshie Fighter training, albeit curtailed due to COVID-19.

YOUTH DEVELOPMENT

SAM DI SANIO

Youth Development Officer

2019/20 Junior Life Saver of the Year Finalists - Elani Plummer and Joshua Orr

Club Chaplain Mark Gilbert has also introduced himself to the age group and spoken about his role. Feedback from parents and nippers has been positive, all commenting on the open and welcoming sense of community from older members.

Simple things like wifi access so younger members can get to training early and knock off a bit of necessary homework upstairs before hitting the water is also appreciated.

Younger members have also been encouraged to let me know of their involvement in the very worthwhile Duke of Edinburgh Scheme for us to support them as a club with their community service assessment and accreditation.

At the end of the day, the drive is not to shower younger members with social events or unsustainable initiatives, but rather to instil a sense of belonging which will

hopefully inspire them to remain members of the club for years to come.

Introducing the younger charges to our values and beliefs statement and the wider opportunities and activities the club is involved in is an investment in not only their future, but also the club's.

I thank Club Chaplain Mark Gilbert for the quiet and unassuming manner in which he engages with so many of our youth and provides pastoral support for them. Their wellbeing is his great priority and his presence is always welcome.

Next season, post COVID-19 we will pick up again with the same care and support for our youth and hopefully continue to provide some opportunities for engagement and involvement as well as initiatives to keep them motivated and attached. The task is an ongoing one - a marathon rather than a sprint to the finish.

JUNIOR ACTIVITIES (NIPPERS) REPORT

PAUL McGETTIGAN

Chairman JAC

We had a great start to the season for Freshie Nippers. We farewelled several long serving members of the Junior Activities Committee at the end of last season and welcomed new faces in key roles. This was my second season as Chairman and I can certainly appreciate how much effort has been put into Nippers by those past committee members and thank them for their service.

It is also important to thank the new and returning JAC members for their continued hard work in their volunteer roles. Everyone worked together well and were focused on building on the work of past members to make Freshie Nippers the best place for our future life savers.

We started the season with just under 800 nippers enrolled and this season I organised a group of 8 U15's Club members (from last season's U14's) to step in and run the activities for our brand new U6's which ensured the nippers were having fun and were fully engaged right from the start. Before too long we had a whole bunch of 1st-time Age Managers and assistants from the parents recruited and they were up and running!

With the training regimes going full steam ahead, our competitive nippers certainly had a busy schedule and we were focused on holding three rounds for the Club Championships this season, up from two

the season before and one prior to that. Unfortunately due to the carnival program and some bad weather the kids didn't get to compete as much in the Club's Handicapped Surf Race each Sunday compared to last season but we will look to rectify that going forward.

Brent Cahill, Andrew Braund and Chris Veitch ensured that Sunday Nippers was well organised and planned out with appropriate gear, layout and water safety requirements at all times which ensures Sunday activities run smoothly each week. A big thank you to these three and all of the parents who helped them out.

For those Nippers who weren't competing at carnivals the Sunday Activities sessions saw plenty of fun and action on the beach and in the water lead by the respective Age Managers, with a focus on learning necessary surf skills with the odd tug-of-war and beach sprint thrown in for good measure.

We appointed our Club Captains from the U14's for the season - Isabelle Stapf-Giannakis and Rio Nunura. Isabelle and Rio are great role models and did their very best to be an inspiration to the younger Nippers following in their footsteps. Congratulations and well done to you both.

The season saw continued success in the land events at carnivals which is a credit to our Land Coach Michelle Nunura and the commitment of our land competitors to their training. The Team took out 1st place in the All Age Beach Relay for the 2nd season in a row at Branch Titles in February along with a swag of gold, silver and bronze medals in individual and team events. Unfortunately we were not able to defend our gold medal in the All Age Relay at the State Titles in late February, 2020. In addition to this our

individual Nippers, flag competitors and relay teams won a smattering of gold and silver at both these carnivals as well.

In the water and under the guise of our Water Coach, Marcial Nunura, we saw a definite improvement on last season and the kids gave it their all in surf races and on boards. We will continue to build on this side of our club's training regime with a view to being more competitive in the future.

In November, our signature carnival, the Freshie Fast & Furious Bennett Board Carnival was held and was a great success. A big thank you to a wonderful group of parents responsible for the setup and the whole shebang that is the carnival - so thank you to Michal Brenchley, Monique Nitz, Richard Hawtin, Tom Duffy, the setup crew, and everyone else who pitched in not only on the day but in the weeks leading up to the carnival. Your efforts are always greatly appreciated and the feedback that we received from other clubs, not only from this Branch but from other Branches who had travelled to compete, was that we had put on a great carnival that was well organised, efficient and friendly so well done to all. Also a big thankyou to our major sponsor Greg Bennett and his family from Bennett Boards for their continued support and great generosity in donating boards for the raffle.

Further congratulations go out to the two nippers who were then selected for the Sydney Northern Beaches Branch Team to compete at the Inter-branch Carnival, which they won, at Bulli Beach in December:

- Leela Scott (U13's Girls land) and;
- Artie Leiper (U14's Boys land)

As is the case each season our U14 nippers were undertaking their training to be assessed on the Surf Rescue Certificate (SRC) and thanks to the dedicated training team of John Goldrick, Kelly Dobrow, Sue Wamsley, Lyndsay & Steve Davis and others. 26 of them passed the SRC and they then pulled on their fluoro orange shirts as part of the water safety

team and joined the patrolling ranks to keep Freshie Beach safe for all.

In mid-January Elani Plummer and Josh Orr represented the Club at the Branch Junior LifeSaver of the Year Awards. The kids had a great time learning about different aspects of surf lifesaving and although they were not successful as Branch winners, they both enjoyed a great experience and represented the Club with honour.

- Gold medals to the U10 Boys beach relay team which consisted of Harvey, Finn Williams, Freddie Fisher, and Tom Charlton
- Silver medals in flags to Artie Leiper (U14's) and Charlotte Watton (U13's),

Back at Freshie we had more parents step up and undertake their Bronze Medallion award as well as training for IRB crew, IRB drivers and water safety. Thank you all for your contribution, it is greatly needed and makes things so much easier for the whole junior Club.

As mentioned earlier, February saw us off to Queenscliff for Branch Titles. Freshwater came in 3rd, up from 4th place last season. Again, achieving a better outcome in the water will be a real focus for the Club for next season and we have some real up and coming stars so with the right training we can look forward to some positive results on that front.

The end of February saw us off to the State Titles hosted at Swansea Belmont SLSC where our Team of 73 Nippers spent 3 days battling the sand and surf with some great outcomes all round.

Overall the Club came 14th and finished on 64 points. The prior year we finished 16th on 52 points. The highlights of the carnival were as follows:

- Harvey Glanville (U10's) with 3 gold (flags, sprint and boys beach relay), 1 silver (mixed relay), 1 bronze (U11's male beach relay) and a 5th place in the All Age Relay,

- Silver medals to the U10 Boys mixed relay team made up of Harvey, Finn Williams, Bindi Slater, and Pip Quarrell
- Silver medals to the U11 Boys beach relay team made up of Kayvon Scott, Jasper Pinnuck, Ewan Humphries with Harvey stepping up from the U10's,
- Bronze medals to the U12's Mixed relay team made up of Olly McDonald, Cooper Williams, Georgie Nitz and Ava McGettigan,
- Bronze medals the U13's Girls beach relay team made up of Leela Scott, Charlotte Watton, India Holden and Nara Jordi, and individual Bronze to Leela Scott in the U13 girls flags

We also had lots of other Nippers who made finals and finished just out of the medals.

Unfortunately, like so many activities, our annual presentation scheduled to be held on 22nd March had to be postponed indefinitely but

as our world starts to get back on its feet we will look to reschedule and hold that event at the appropriate time in the future.

And now it is time to thank a long line of people who give up their time, effort, expertise and energy to all make the Nippers function come to life during the season.

To the water safety, the IRB drivers and crew, the Age Managers and Age Assistants, the uniform ladies, the gear and board guys, the Sunday Activities setup and pack up crews, and all of those parents who just step in and help on BBQ's, carnival setups and everything else that needs to be done - a huge thank you for all of your help over the season. If I have forgotten anyone I apologise.

Thank you to our head coaches, Michelle & Marcial Nunura and all of the parents who assisted with both our land and water training. Without your commitment and time the kids would not be able to rise to the heights that they do in this sport.

To our social committee headed up by Monique Nitz & Sylvia Meszaros we cannot thank you enough for all of the effort and behind the scenes work that you do along with all of the parents who you manage to rope in to assist.

To our major Nippers sponsors, thank you for the commitment you make to our Club and our sport. We would like to thank:

- Channel 10
- SEA Real Estate
- Bennett Surf Co.
- Camp Blue

I cannot pretend that with all that has occurred over the last 3 months how entirely grateful I am that we were able to get through our season and see all of the hard work and effort pay off for these great kids. With very little ability to train

through the off-season it will be hard work getting our competitive kids ready for the 2020-21 season but if we all do whatever we can that will keep us in good stead.

Finally, again, to the members of the Junior Activities Committee (JAC) a huge thank you for all your hard work and support during the season. It is always greatly appreciated and Nippers at Freshie would not be the same without you.

I wish you all the best during these trying times and I trust this finds you all safe and well.

See you on the beach.
Hopefully soon!

SPORT REPORT

KEVIN CROW

Director Sport

Hi everyone. We started the season with so much potential to fly the Freshie colours in many sections of the sporting team. Of course, we all know how the season ended.

If you came down to Freshie early on a Saturday morning or saw some of the photos in the club magazines you would have noticed the increasing numbers of people honing their skills, not only for competition but also to be better lifesavers. A primary focus for all sections was to encourage other members to join in and enjoy the fun and comradeship. Most sections saw an increase in numbers but we would all be excited to see more people of all ages and abilities to come and join us as well.

All individual sections write their own reports so I will only give a brief overview of most areas.

BOATS

The boat section led by Scott Morrison gained another very experienced sweep and numbers of young guys and girls continued to form crews and were super keen to learn, get fit, race and enjoy themselves.

Looking from outside the section, the boat sweeps were getting together regularly to solve any issues that arose and planning how to strengthen the numerous crews. The sweeps support each other really well so congratulations to Moose, Nathan, Dave, Eric and Crash.

RESCUE & RESUSCITATION

Our R & R Teams continued their incredibly high standard in events up to and including the State Championships when again all teams managed to finish on the podium.

MARCH PAST

With a ladies and mixed team to represent Freshie the Maroon and White teams had a great mix of experience and a lot of new faces to fill the ranks for competition and the future. Like everybody these ladies and gents were hugely disappointed that Aussies were cancelled after a good showing at State Championships. Once the newcomers really settle in we should have 2 very good teams.

LIFESAVING COMPETITION

These guys and girls seem to hide from the rest of the members while studying their books and doing a lot of their training upstairs in the club. Many of this group also help for hours with Bronze and SRC training and putting most of us through our proficiencies.

This doesn't stop them regularly winning medals in Champion Lifesaver, Patrol and First Aid Competitions.

BEACH EVENTS

We have tried to build this area of Freshie over the last few years and I am at a loss as to why we don't have more runners. We have them through the juniors and then we don't have enough runners to make a relay team in the seniors. I know there are good runners out there so please, next season lets get you together and make this section happen.

CLUB CHAMPIONSHIPS

Club Championships for senior competitors were not held this season. This is the first time this has happened since the championships were intro-

duced 92 years ago in the 1927/28 season. Originally scheduled to be held in March, the dreaded COVID-19 shut us down and put an end to those plans. While nothing definite has been decided, it is hoped they may be able to be held retrospectively early in the 2020/21 season.

BOARD SKI SWIM

Winter training is the secret to success in the summer season for the water sports. A big thank you here to John De Mestre and Ben Kirkby in particular, for their unbri-dled enthusiasm during all those cold mornings. When the season proper started the number of people joining the training sessions swelled.

Several years ago Michael Kirkby, John De Mestre and Ben & Tim Kirkby started the Saturday Super Sessions meaning if you were keen enough you could come to Freshie very early and go for a run, then join John De Mestre for the surf swim then follow that with a board or ski session. Or you could just join any session you wished.

Under coach Aaron Thomson and his assistants the Saturday morning and weekday afternoon sessions have continued to grow in popularity with people of all ages from numerous sections of the club attending. The young people joining the squad have strengthened the team overall and

added depth. Aaron and James Coates have worked tirelessly on skills, fitness and fun. I cannot highlight enough that everyone is always welcome to join in and Aaron and the other coaches will do their best to make you feel welcome.

Here I will give a special mention to the Masters group. All these guys are my friends and have always been an important part of the BSS team. For many years they have trained, joked, formed work parties and supported each other. This year Gaven Needham as their coordina-tor politely asked, pestered and occasionally begged people to form teams at carnivals and those who had trained hard had great success but EVERYONE had a good time.

The whole squad had started to show the training was bringing results at Swansea but alas that was where the season came to a competitive end for all.

BEHIND THE SCENES

Again the sporting teams had great support from lots of other members to enable our club to run several very successful carnivals and to compete elsewhere. THANKYOU to everyone who fits into this category. The carnival organisers, first aiders, people submitting or marking off entries, IRB and water safety, BBQ,

officials, set up and pack up, catering, caretaker and of course SPONSORS.

FINALLY I have enjoyed the last few years as Director Of Sport but this is where it ends for me.

Next season I will fully support the new person in the position.

We are blessed to have such fantastic coaches in all the sections, and I hope all competitors next season stay positive after the letdown of this year and get to achieve the results they were not able to attain during these awful pandemic times.

Next season I will of course be on the beach to assist people however I can, do some training myself and I look forward to seeing everyone in/on the water as soon as we are able.

BOARD SKI SWIM

Aaron Thomson, Coach

A competitive surf life saving season is traditionally and predominantly judged as a success or failure on the ultimate results in the ultimate arena of the Australian titles. Of course season 2019-20 was prematurely halted and Australian titles cancelled. From my perspective the surf and craft squad of Freshwater SLSC was one of the most successful and enjoyable seasons that I have ever been involved within competitive surf life-saving in any capacity.

So much leadership was shown by so many this season as the lives and times of the Kirkby men was rightly focused elsewhere, with growing families, work and general wellbeing. As always and for so long thank you so much to Ben, Tim, Michael and all the Kirkby ladies. This enabled their protégé to step up and lead, although Ben Kirkby continued to set programs and lead by example. Some of our newer Senior competitors led by Jess Douglas, Alex Malm, Nick Doyle and Ben Blakeney along with Annabel Murphy and Declan Quail embraced their leadership roles by example and enhanced their voice to influence new and existing competitors.

The development of Tamsyn Curley, Lauren Bourgeois, Jack "Derek" Noakes, Jensen Mclean, and Liam "Big bird" Wiseman was destined to be

showcased at the Aussies. Their individual and team efforts at state was fantastic with all making finals.

The leadership and commitment displayed by the previously mentioned enabled a solid consistent group of our squad to enjoy and improve and I hope, are enthusiastically excited about starting again and representing FSLSC next season. Congratulations, welcome and I can't wait for your involvement in 2020-21 to: Bree Coates, Rachael Bourgeois, Lucas Blakeney, Harry Hickey, Dyllan Howison, Anna "Lizzie" Curley, Eliza Douglas, Adi Nitz, Jake Landells, Arthur Piggott, Kailan Sweeny and Taine Greenwood.

Of course any group of young people can't operate without the assistance of parents and interested supporters. Thank you to Lynn Doyle, Jenny

Bourgeois, Tania and Hamish Mclean, Tom Duffy and all the masters and other parents and supporters.

The fantastic direction by Kev Crow was invaluable this season and nothing was ever a trouble as Kev continues to take more responsibility and confidence in the implementation of direction and assistance to our squad.

Thank you to the Freshwater committee and the broader club members who were always encouraging, supportive and interested. Always willing to offer encouragement and ensure we were given guidance and a nudge in the right direction as required.

The other coaches; James Coates, John de Mestre and of course Callum "CK" Quail were such a major influence to all sessions throughout every day of every week, all bringing a different skill set and style that I think really kept our sessions, competition and general satisfaction level interesting and at an ever improving high standard.

This report so far has really given me an opportunity to thank and mention as many people as I can. It has also enabled me to illustrate just what our squad is all about and what we strive to maintain and that is a sense of belonging, community and friendship.

We strive for excellence and measure success in many ways. By maintaining

a level of fun and hard work success will follow. That level of success will come as a collective and as individuals whether through tangible results or development physically and emotionally. We as a group of coaches and a squad are trying to get the very best out of everyone in our group, specifically and hopefully that collectively contributes to the culture that is Freshwater SLSC and us all.

I have purposely not highlighted any final competitive results for season 2019-20, because through no ones' fault the season was left unfinished. No Aussies, not even Branch or Club championships. Our season will resume soon enough and results of hard work and commitment will be announced from the Sunshine Coast 2021.

I must conclude with what I think were our highlights and what I believe was the squad's destiny for bigger things that would have concluded season 2020.

The way everyone embraced and was enchanted by our Japanese squad member Toma, who never missed a session, improved out of sight, was integral in the logistics of the State Championships and was treated so fantastically by all. He was a real ray of sunshine.

I have never seen Ben Kirkby paddle so well. His strength, composure and race management at State was

sensational and pressure on some more celebrated ski paddlers was, I believe a foregone conclusion in the open single ski final at Aussies.

The development and forecast success of all our girls at Aussies I'm sure would have been a highlight, especially Jess, Tamsyn, Lauren and Bree.

Finally, I was extremely excited and optimistic about the results that I thought were inevitable for Derek Noakes and Jensen McLean in the Aussie Finals in the u/17 ski and board respectively. Six weeks between state and Aussies and I know the boys were more than capable of hard work in training in that period and then returning from QLD with a little green box each.

Thank you for the season and I know that myself and CK will be waiting to finish things off next season for all in the squad and more.

Changa

BOATS

Scott Morrison, Boat Captain

We commenced the season with nine boat crews (3 x masters, 2 x U19 mens, U19 womens, U23 mens and womens crews plus one reserve crew). As a result of the season being cut short it makes it difficult to gauge success and growth however one thing is obvious - we are on the right track to rebuilding the surfboat section by having competitive boat crews in every division we compete in.

Along with myself, we also had the assistance and expertise of four boat sweeps (**Dave Maguire, Nathan Perry, Ian Cradock** and **Eric Middledorp**), each one giving up their time to coach and train boat crews throughout the week.

We had a few excellent trips away including the ASRL Australian Titles held at Mollismook Beach and our annual trip to the Battle of the Boats at the picturesque Pacific Palms.

The crew obtaining the best results was the U23 mens crew (stokers - (**Charlie Griffith, Andy McMinn, Brandon** and **Rhys Schroeder**) who made the final 12 on the Sunday at the Pac Palms carnival - finishing third in the round robin and winning their first semi-final on the Sunday morning. Given these guys still have another three years left in the division shows the future looks bright for this crew if they continue to improve and maintain their training ethic.

Surf Boat rowing for female rowers has taken off at Freshwater SLSC. Both my female crews have developed outstanding surf skills during the season. The 5.45am beach training sessions really paid off for both crews in competition. The U19s from last season rowed up into the challenging U23s division this year. The girls were awesome. Congratulations to the Freshwater Twocans **Gemma Wickham, Caitlin Doyle, Cheyenne Hayes** and our wonderful new rower **Caity Lowe** and our wonderful spare **Grace Seaglove**. It was fantastic to see the crew come together during the year. The crew consisted of two U19s but performed beyond expectations in the U23 division. The crew were placed seventh in the Sydney Northern Beaches Premiership out of 17 crews racing.

As a team we have been on a mission to increase numbers of

girls rowing at our club. Our second crew, the Freshwater Dolphins, rowed in the challenging Reserve Grade womens. The crew were awesome consisting of **Emily Lemlin, Olivia Koltz, Bastien Wallace, Grace Seaglove** and our spare **Kate Hundelby**. They were such a wonderful group to sweep during the season.

As a novice crew the girls were amazing. The mix of experienced rowers and new rowers worked for the crew to enjoy the year of rowing. The two crews worked together to ensure we trained and always had one boat representing the club at Carnivals. It was my pleasure to sweep coach and train the girls for the season.

Both crews represented the club at all major carnivals on the SNB, ASRL and NSW Championships and were swept and coached by David Maguire who did a great job.

Our U19 mens crew (Freshy Fighters) - **Sam Holt, Kai Wilson, Max Gander and Liam Ryan** have improved in leaps and bounds and found themselves out in front in their last race at State before being unlucky with a huge wave that ended their week-end. This crew also finished fourth at Pacific Palms in the point score however withdrew from the final due to injury. Again, they can back up next season in the same division.

The U19 mens Melons this year were swept by Eric and Crash. For most of the crew, it was their first year in the boat after gaining their Bronze, and they are certainly showing great promise for the seasons to come. The crew included **Davin Kelly, Bailey Miller and Alex Jacobs**, with **Zander Needham** ably helping out until **Alex Di Sano** joined the crew on his return from a sabbatical year in Thailand. The crew knuckled down to training and improved with each session. The boys headed up to Pac Palms for their first carnival with Sweep Eric Middledorp. They rowed well on Saturday, improving with each of their 3 heats on the first day of the carnival. Sunday saw them settle down and rowing even better with each heat. They looked like just missing the cut, but were elevated to the Final after the *Freshie Fighters Crew* had to withdraw due to an unfortunate injury to one of their crew.

So, the boys lined up for their first ever final! They had an excellent start and were keeping up with all of the crews, until a 'tangle' at the buoys saw them knocked out of the race. Eric and Crash have done a great job developing this young boat crew.

The 220 Vets crew consisted of **John Swan, Ian Cradock, Brian Baker, Greg Windsham Dave Maguire and Mike Brace**. To say that this season has had a lot of interruption is the biggest understatement.

Between holidays, weddings, illness (Body Repairs), we definitely found it hard to train as well as compete.

We did get to compete at the Freshwater Boat Carnival. The crew was strong off the beach, but just lacked fitness on the return journey. A solid 3 races that was good for the crew. The boys are always great to be around and showed promise when we all were able to get together.

Our 160 vets crew finished fourth at state with Nathan sweeping (**Nestor Cinotti, Nathan New, Justin Worthington and Peter Tazlar**) and our 240 vets crew finished third at state also with **Nathan** sweeping the crew consisting of **Mark Williams, Bryan Weir, Marc Bindner and James Taylor**.

A quick mention to **Ian Cradock** who also managed to win a gold medal in the 200 vets crew rowing or filling in for the Bilgola crew – well done Crash.

The biggest thank you for the season goes to **Lynne Doyle** who has been a massive help with all the correspondence and paperwork required from carnival entries through to support regarding patrol hours and trips away. Without Lynne, I would be even loopier.

Big things planned for 2020/21 – see you on the beach.

Moose

MASTERS

Gaven Needham, Masters Captain

Once again the Freshie masters was comprised of a broad group of 30+ members active in all aspects of the club and broader SLS movement. Whether you're one of the battle hardened competitors doing the hard yards each morning, just looking at having a float to keep the rig in shape or just turning up for our occasional meet ups at the Harbord Hilton, all eligible club members are always welcome to join us. This year we had a few new faces join us and we'd love to see more next season.

The masters season kicked off in August where Steve Bennett handed over the clipboard to yours truly in a moving ceremony at the Harbord Hilton. I started the year full of optimism for what lay ahead in terms of guiding a professional, mature group of athletes to personal and collective glory across the season only to realise that the nippers U6 age manager has an easier job of corralling 150 kids every Sunday. That being said it's been an enjoyable, if disrupted season and I'm looking forward to doing it all again next year.

Given the lateness of Aussies this year, the pre season training numbers were always going to disappoint Killer. Despite the slow start we had a few out on Ski's throughout the year despite the dangers to life and craft posed by Phil Fagan who kept the local ski repairers busy. Blocky and his loyal group of board paddlers were generally out every Wednesday and we had the usual suspects doing the pre coffee Sunday float on the ski. A few of the ladies continued their mid week secret sessions and rumour has it that Simon Phin was occasionally seen in the Gym working out. John De Mestre continued through out the winter and season

with his loyal and ever growing band of swimmers Saturday mornings for their ins and outs. The Saturday super sessions as we got into the season were popular across all ages and great to keep race hardened.

A large and growing group of masters (and all other ages club members) also made the journey over the hill to Manly each Friday morning for breakfast at Bluewater preceded by the Freshie Fast Fives. Our FFF captain Peter Block does a great job of rallying the team and it is the highlight of the week for most of us who take part.

Even with the impact of COVID 19 stopping Aussies going ahead, unfortunately for the masters it was a quiet year competition wise as several events were cancelled due to lack of numbers and the storms that saw the Branch Titles postponed then cancelled along with the East Coast Masters.

We had a small but crack team kick the season off at the Forster Weekend of Surf which was a good tune up for

our resident endurance iron man Chris “Johnny Utah” Pendray before he gained a fantastic 7th in the 50+ short course Coolangatta Gold in October.

The Freshie Masters Carnival lived up to its status as the premier masters carnival in the country to kick off the main competition season for the Freshie Masters. Being one of the only surf sports events that is growing in numbers, it is an event that is looked forward to by all clubs with representation this year from clubs as far away as Broulee and solid numbers for this year’s event which switched to a well received teams only format. Weather conditions, while a little cool on the day, were spectacular with blue skies and a perfect even swell for our inaugural dash for cash which was a great success. Unfortunately we finished second on the day to Manly, a lot closer than we were last year so hopefully with even better representation from the Freshie masters we can clinch the top spot. Big thanks to Ross Parry and the team for pulling the event together.

The Sir Adrian Curlewis Palm Beach Twilight Carnival kicked off the new year and signalled the 18 week grind to Aussies – still plenty of time to get race ready. Freshie had 12 competitors across 3 teams competing with 2 teams getting divisional placings in what can best be described as a very loose handicap system that the selection committee will look into a bit harder when composing teams for next year’s event. Great to have Matt Lemon back under the tent. The selection committee is particularly interested to see how his ski paddling progresses in the off season given his impressive performance on the ski at Palm Beach.

Despite the East Coast Masters not going ahead, Collaroy were generous enough to put on \$5 pints the day the competition was meant to be held, so a small team led by Sigi Hill, Peter Block and myself represented the Maroon and White well.

With the Branch and East Coast Masters cancelations, our attention turned to the State and then at that stage - Aussies. A crack group of 16 masters overcame late withdrawals, illness, old age, work commitments and a general lack of training and ability to turn in some great results at the State Titles held at Blacksmiths finishing 21st overall. Given there was a 7 week block of training between the State and Aussies, many competitors

were just starting to think about stringing a few sessions together post the State titles so we may not have been a race hardened as we would have liked to be. Surf conditions were tricky both days and the Thursday Teams day was one of those days that you just gave up trying to keep dry with rain falling all day.

Despite the conditions we had some great results with our lone gold for the comp won by Sigi Hill with a great win the 45-49 surf race, Sigi also grabbed silver in the Tube. We had bronze winners in the 150 surf teams – Andrew de Vries, Sigi Hill and Chris Pendray, Andrew de Vries and Paul Stormon with bronze in the tube, Gina McConnell with bronze in the Board and Michael Kirkby a bronze in the 55-59 Iron Man.

As they did last year, the two Steves, (Bennett and Davis – AKA Little Steps and Blaster) kept the crowd enthralled late in the day with an effort in the double ski that could be best termed as “Bradbury-esque” to claim a bronze in the 60-64 double and only just missing out on the gold. Apart from our medallists we had plenty of other results in the points with Huey robbing us on a couple of occasions also. Special mention to our newest competitor Kelly Marsh who was unlucky not to medal in the rescue tube in her first masters hit out for Freshie. A big thankyou to the Freshie officials, first aid and water safety who helped out at the masters states, we wouldn't be able to compete without your efforts.

With the Aussies touring team locked in and Jim Newman's long rumoured return to the Maroon and White confirmed, things were looking good for Aussies. Steve Bennett and Simon Phin began altitude training in the ski fields in North America while Killer continued to lead the charge for the small contingent who continued training at Freshie. Needless to say while understandable we were all disappointed when the titles were cancelled. Hopefully we will have an even bigger team ready to represent next season.

Across the year the masters continued to be the backbone for a lot of the club's events supporting the Australia Day carnival, Barney Mullins Swim and numerous other events while Steve and Lindsay Davis continue the production line of new bronzies to keep our beaches safe. Many thanks to everyone who has supported the club this year.

With the compromised competitive season this year I'm sure there will be a lot of people looking to getting some racing under their belt next season. Even if you don't want to don the cap in the competition arena all over 30 members are always welcome to join us at any of the sessions of social catch ups during the year. Living in Canada I was always reminded that medals are won in summer and earned in winter.

See you all on the water soon.

MARCH PAST

BOB EVANS, March Past Captain

Well, what a season this one has been. It was very interesting to say the least with an unbelievable end to a season that I never wish experienced again, which was the cancellation of not only the Branch Tiles, but also the Australian Titles planned in Queensland on the ANZAC weekend in April.

It began so positively and differently to the eventual outcome. A plan for two Freshwater March Past Teams, which this year included a Ladies Team under the experienced Ross Parry as coach. All inspired to celebrate 40 years of Women in the Australian Surf Life Saving movement, plus the 100 years of the March Past event. What a season we were all looking forward to.

The season was always going to be another long one, beginning late October and ending the last weekend in April which was challenging within itself. It's also interesting now in retrospect the season was hampered by a reduced number of open carnivals to compete in.

We started with the Freshwater Masters, then the Australia Day weekend with Manly and Freshwater where both Freshie Teams competed. Then the nation faced drought, horrific fires, rain, storms and floods, then the sad effects of the COVID-19 Coronavirus. These events all led to the cancellation of the Collaroy East Coast Masters and Sydney Northern Beaches Branch Tiles leaving only the State Titles at Blacksmiths Beach. Fortunately they went ahead although also under a cloud up to the very last minute. Then in mid-March the Australian Titles were cancelled putting a premature end to the 2020 season and competing in the 100yr March Past event. This was quite a shock but understandable based on the Coronavirus pandemic.

The State Team and Carnival Marching: (proposed Aussie Team)

Alan Burns, Bob Evans, Sam Di San, Kevin Dyer, Wayne Freakley, Shanny Gamble, Dave Inches, Andrew Murphy, Ross Parry, David Torevell, Richard Ware, Bob Evans (Coach).

Special thanks to the following for all their help and assistance in training and back up this Season - **Peter Rowlands** (Ass. Coaching), **Ian Paul** (marching support), plus **Peter Bacciarelli, Steve Bennett & Steve Davis** for their back up.

The mixed March Past Team did a great job on the arena during the year with mixed results. When considering their lack of training and shortened season they performed well – gaining a great march to a 4th place at the State Championships (1 point off the Bronze Medal). So with a committed Team next season I again have high hopes.

Last year I made the statement that *"less local Carnivals does have an impact"*. This season again shows that without good, regular competition and exposure on the arena, disappointment will follow for everyone involved in achieving their goals and aspirations. My feelings this Season especially go out to our new promising Ladies Team.

To the Freshwater March Past Team competitors, coaches and back up members this season, I would like to thank you all for hanging in there as it hasn't been easy to keep morale and motivation up sometimes under this trying season.

I would like you to read below how I finished off LAST Season's Report (2018/19) and see if we can all apply these thoughts to next season as we didn't have a chance to achieve them this year.

"To the March Past Team Members and their Support Team (from the coach) 2018/19

Once again an unbelievable effort at the Australian Open Championship with your individual and team effort while representing the Freshwater Club. I hope you have now proven to yourselves that you are more than capable at competing at the highest

level in this competition and therefore continue your effort to next year's celebration of the 100 Hundred Years of the March Past in Surf Life Saving, together with 40 years of Women in Surf Life Saving - let's show what we can really do Freshwater.

Thank you all".

Bob Evans

Women's March Past Team

The Team Members:

Sue Walmsley, Jane Freakley, Kelly Dobrow, Judy Bennett, Lisa Tyrrell, Lysa Kiely, Wendy Quail, Clare Milinkovic, Libby Murphy, Lindsay Davis, Rachel Needham, Jo Kirkby, Shanny Gamble, Janet Rickard and Sam Wood.

The Ladies team was formed primarily because of this season celebrating 40yrs of women in Surf Lifesaving and the 100 years of the March Past event. A few of the ladies had never marched before, but with their regular team training, soon achieved a high and competitive standard.

Unfortunately, the Ladies could only compete four times and be seen at the Freshwater Masters, Manly and Freshwater Carnivals and then finally the State Championships. They performed extremely well during that short time and ended up 8th in the State Championships beating some very good and established sides. Thanks to all the ladies who deserved a better result to the end of this season.

Ross Parry
Coach

LIFESAVING COMPETITION

LINDSAY DAVIS, Lifesaving Team Captain

As this report is being prepared, I reflect on the fact that we should be on the Gold Coast competing at the Aussies but instead we are social distancing and 'meeting' on Zoom. A very different end to the season that we had planned for!

Kelly Dobrow was active in encouraging new SRC members in becoming involved in lifesaving events and with U14 Age Managers Tania McLean and Jenny Bourgeois actively encouraging their charges to engage in lifesaving events, we had a number of new recruits for First Aid and Champion Lifesaver.

Champion Lifesaver

Written Paper, Resuscitation, Surf Race, Board Race, Tube Race and Sprint – six components requiring a number of different skill sets.

Lucas Phillips, Harry Hickey, Andrea Malm, Luke Thornton, Mabel Hancock, Bella Gallo, Kirra Budd

The theory sections of the Branch Championships were held at Branch HQ, however as the physical events did not go ahead no results were awarded. Very disappointing.

At the State Championships we had some excellent results with Lucas finishing 1st and Harry 4th in the Open Male and Andrea finishing 5th in the Open Female. Luke finished 3rd in the Under 15 Male – a big personal improvement for him.

Mabel, Bella and Kirra threw themselves into training for Champion Lifesaver, an event that has seen so many of our U14 competitors not only enjoy but be very successful in. The experience from Branch set them up for participation in the State Titles. After a hectic day of competition at Swansea, Kirra was named the silver medal winner. However the next day I was advised there had apparently been a change of rules and U14s were not allowed to compete in the Under 15 event despite no corresponding event being offered for U14s. It was a long trip down the freeway while I figured out how to break the news to Kirra.

We are still waiting for written advice explaining how they were able to be entered and also why no alternative event was offered.

Patrol Competition

Written Paper, 4 person Resuscitation including AED and Oxygen, Surf Teams Race, Swim/Tube/Board Relay Race, Scenario – this is an all day event that requires knowledge, physical skills and mental strategies to get through the day.

As with the Champion Lifesaver, the

Patrol Comp team participated in the theory sections for the Branch Championships but no results were awarded as the physical events did not proceed.

The State Championships were again held at Swansea Belmont, with the team bunking down at Caves Beach courtesy of the Crittenden's.

The reward was a State gold medal – 1st place.

The Team—Julia Baker, Tahlia Dearden, Andrea Malm, James Crittenden, Lucas Phillips, Paul Milinkovic

It was a very close point score but the team came away determined to improve for Aussies.

First Aid Competition is based on a scenario where treatment must be given within a time limit and points are allocated according to the treatment given.

We had a wonderful group of young members start this year. Kelly Dobrow, who was instrumental in encouraging their participation must be complimented on her dedication to continuing the legacy of first aid participation – and success – in this area. Kelly's report is below.

Well done to all involved as mentors, patients and the parents who got them to training and carnivals.

LIFESAVING COMPETITOR OF THE YEAR

Lucas Phillips

Open Male State Champion, Member of Open Patrol Comp Team State Champions

Thank You

Like any team the 'back office' support is essential. Luckily for Freshwater and the lifesaving team there are many people who willingly put up their hand to help out:

- Parents and friends who have helped carry gear all over the beach and transport to and from carnivals.

- Team accommodation – a big thank you to Mr & Mrs Crittenden for lending their house at Caves Beach for the Patrol Comp team!
- All those who gave their time as patients.
- Our photographers – without whom I wouldn't get to see half the competition!
- Our officials and water safety – Cheryl White, Kelly Dobrow, Sharon Johnston, Andrew McEwen, Mark Thornton, John Lo Schiavo, David Price and James Crittenden
- Mark Gilbert for his assistance with scenarios
- Andrew McEwen provided invaluable assistance with Patrol Competition and Champion Lifesaver and I know the whole team appreciated his dedication to our evening training sessions as well as his insightful suggestions around the scenarios.

Greatly appreciated Andrew!

We had a very active group this season with many new members – but I am sure many more of you could participate and its great to see new faces. Please don't be shy.

2019/20 season – First Aid

This season saw 5 Freshwater First Aid teams gearing up for a strong season. Although we had only 2 local carnivals, Branch and State competitions, Freshwater teams came away with great results at each of these events.

We had our current Open First Aid Australian Gold Medal winners Tahlia Dearden and Julia Baker who competed at State and won Gold with a significant win qualifying them to compete at Aussies.

Our Under 15 First Aid teams increased to 4 this season with Luke Thornton and Finlay Miller competing for their second year and leading the 3 new teams by example. We had 6 new competitors start this season with their first competition at Branch and all of them

represented Freshwater proudly. Liam, Finley, Kirra, Isabella, Imogen and Elani are our enthusiastic newcomers and together with Luke and Finlay created excited training sessions each week.

These teams were coached by Kelly Dobrow and Cheryl White assisted by Andrew McEwen and Tahlia Dearden who provided some key training sessions to prepare the teams for competition.

Under 15 First Aid championship results as follows:

Branch

- Second – Imogen O'Connor and Isabella Gallo
- Joint Third – Luke Thornton, Finlay Miller and Kirra Budd, Elani Plummer
- Fifth – Liam Lehane and Finley Hendry

State

- First – Imogen O'Connor and Isabella Gallo
- Second – Liam Lehane and Finley Hendry
- Third – Luke Thornton and Finlay Miller
- Fourth – Kirra Budd and Elani Plummer

These impressive results at State had 5 Freshwater First Aid teams headed to QLD for Aussies (until they were cancelled). We look forward to these teams returning next season to continue Freshwater's dominance in First Aid competition.

Kelly Dobrow Under 15 First Aid Coach

RESCUE & RESUSCITATION

JANE FREAKLEY, R&R Captain

*The Freshie R&R machine,
Defending their Aussie titles were
keen
But they could not compete
And repeat last year's feat
Because of that blasted COVID -19.*

Well what a season 2019-20 turned out to be. Noteworthy perhaps for what didn't happen rather than what did, with the cancellation of the Branch and Australian championships. However that is not to say there weren't some highlights and outstanding efforts from this tight knit band of reel lifesavers.

The end of 2018-19 season saw the retirement from competition of Libby Murphy and Alan Burns. In their stead, Kelly Dobrow re-joined the Open Women's team and Wayne Freakley the Open Men's team and it was like they had never been away.

While scheduled to be a long season (28 Sept-26 April), the reality is, with the effect of Covid-19, it culminated with the State Championships on March 7 at Blacksmiths Beach.

During the course of the season the squad contended with changes to team compositions and disrupted training schedules. Perhaps the most noticeable being with Jarrad Freakley, long time competitor since 2006/07 being stationed as a Paramedic at Sawtell. His absence affected the Open Men's 5 person and Open 6 person teams. This made training and competition schedules extremely difficult. While getting to some training sessions, he could only commit to the Aussie championships. As things ultimately transpired, he never carried a reel, marched or swam in the battle of competition: a legacy of the novel corona virus.

One person's closure is another's opening and so it was for Seb Di Sano. With Jarrad out of the water, swimmer options were explored within the squad. Fortunately there is a depth of talent within this group. From the competitive swimmer options who would it be to fill the 6 person vacancy: Chris, Seb or Pat?

To maintain the competitive edge, Seb emerged as the man most likely to help the squad succeed. To that end he took on learning the No 2 & 6 positions, as well as committing to belt training sessions on Tuesday afternoons.

Our 2019/20 season kicked off at the Manly carnival on Sat Jan 25, continuing at Freshie on Jan 26. With work commitments, holiday arrangements and health issues affecting our teams, we were forced to improvise, adapt and overcome. This became our mantra for the season.

Hugo stepped in for Jarrad and Pat for Ian in the Open Men's team, Seb stepped in as a swimmer in the Open 6. At Freshwater Grace stepped in for Bec in the Open women's team and Lysa for Bec in the Open Mixed. As a testament to the strength of our squad, despite those substitutes, all teams won their respective events across the weekend.

Our domination in the water continued. With the exception of one event, Freshwater claimed all belt and tube races across the weekend. At the Freshwater carnival, despite the belt falling apart as Hugo was entering the water, he was able to apply a cool head to get it back together without a loss of points. He then went on to convincingly claim the race ahead of the other competitors.

The following weekend the squad took on the southern clubs at Wanda. Again we put composite teams on the beach. A highlight was Chris Tyrrell donning the belt in the Open Women's event. Drawing inspiration from the teams usual swimmer, Clare Freakley, he was first to the cans. The team was the best performer in that division on the day however for obvious reasons could not claim the first place.

Given our strong performances at local carnivals, the squad was looking forward to the Branch championships however bad weather caused its cancellation.

Disappointingly the State championships was our last competition for the season. The squad again continued its success in their events with podium finishes for every team. This was in spite of some very challenging circumstances for two of the teams. The seaweed at Blacksmiths again also presented challenges for some teams particularly with the falling tide.

Overall, the experience of the individual team members and their coaches led to the Club's success so congratulations to all!

State Age championships:

While open competition remains highly competitive, it is disappointing to reflect in this report we have no junior teams participating in this area of competition. This is somewhat mystifying as clubs with much smaller memberships consistently have teams on the beach.

Despite Freshwater not having any junior teams, Bob Asser, Sue Troy, Chris Tyrrell, Wayne and Jane Freakley officiated on behalf of the club at the State Age championships. Approximately 45 teams competed in the 2 person & 5 person events

making for a long day. Thanks to everyone for their commitment, particularly in assisting to fulfil the Club's quota of officials required for the junior group.

Hopefully the 2020-21 Age managers will be able to assist in recruiting some junior teams to wear the maroon and white in this area of competition.

State Open Championships:

Open Mixed 5 person team:
Grace Kiely, Hugo Weston, Seb Di Sano, Bec Kiely, Pat Kiely, Ian Donald (Coach)

Establishing themselves as a formidable team, Hugo, Seb, Bec, Pat and Grace are NSW State champions for the second year in a row. Up against some tough competition from Wanda and Collaroy, the team brought home the gold. All beach team members were disciplined and focused while once again, the team's success was assisted by Hugo's domination in the water. It is unfortunate they lost the opportunity to challenge last year's Australian champions for the 2019/20 title, as all the indicia pointed to their continuing success.

Open Men's 5 person team:
Seb Di Sano, Chris Tyrrell, Alan Burns, Wayne Freakley, Ian Donald, Jane Freakley (Coach)

Retirement has a very short life as Alan Burns recently discovered in the newly reconfigured Open Men's team at the State Titles.

With Jarrad Freakley unable to compete and the men keen to maintain their 3 year State winning streak, Al returned to the reel. Chronic back issues have plagued him for months, so there was a high degree of concern about his ability to manoeuvre as required without worsening his condition. Changes to the reel position during the march-on were also made to help disguise his immobility. Wayne returned to the line in a position he was hoping never to reprise. Chris Tyrrell bought a new pair of goggles as he took up the belt man position. To their great credit the team put in an outstanding performance to score a silver medal with a point score of 4 only 1 point behind the winner, Coogee.

While disappointed at not retaining the State champion title, the team were pleased to have been able to maintain a Freshwater team in the event.

Who knows what would have been had the team's usual composition

taken to the beach at Aussies.... anyone's guess but great to have been able to continue to have the maroon and white on a podium in this area of competition. At the end of the day though, Freshwater remain the reigning Aussie champions at the end of the 2019/20 season.

Open Women's 5 person team:
Bec Kiely, Clare Freakley, Kelly Dobrow, Lysa Kiely, Jane Freakley, Chris Tyrrell (Coach)

This team were hoping to shake off their 'bridesmaids' reputation and finally conquer this event. However, for the 4th year in a row a Freshwater Women's team won the State silver medal. This year's achievement being particularly impressive as Kelly Dobrow has only this season re-joined the team after an absence of 4 years from R & R competition.

In making her return she was required to learn the vagaries of the No. 3 position - something she did with enthusiasm and commitment.

The competition in the Open Women's event is particularly strong. At the State championships, unlike Seb in the 6 person event, who romped his competitors in the run across the bank, Clare gave too much away and

was forced to make up for it in the swim. All those 50x50m on the 50s combined with her belt training certainly served to minimise her perambulatory shortcomings. While the Wanda swimmer swam like a fish to win the swim from a fast closing Clare, it was Collaroy who won gold on the day.

Following this result the women were inspired to improve on their performance for Aussies particularly given the closeness of the score. However that competition outcome will forever remain a mystery - but as things have transpired, this team also remains the reigning Australian champions at the close of the 2019-20 season.

Open 6 person team:

Pat Kiely, Hugo Weston, Ian Donald, Chris Tyrrell, Clare Freakley, Seb Di Sano: Alan Burns (Coach)

Rostering arrangements saw the absence of Jarrad at the State titles and so Seb stepped up for the challenge. Given the ballot process for swimmers, Seb was forced to learn both Tube and Beltman positions ready for the draw. Lucky No 6 came his way. Starting out fiercely on the run across the bank, he was just pipped at the can by the Wanda swimmer. There was no second place for Hugo who led the field from the outset. The event is rarely won in the water and this year was

no exception with Freshwater coming a credible second to Wanda. This was Freshwater's first State defeat in this event in 7 years. While being a loss, the record of success is a remarkable achievement.

The cancellation of the Australian surf lifesaving champs has left our squad members feeling disappointed and unfulfilled. However, the more important emotion is one of determination to return in 2021 and continue Freshwater's domination in this area of competition.

For those who have contributed to our 2019-20 season - thank you so very much!

There are our dedicated coaches who have invested so much of their time in pursuit of excellence: Alan Burns, Chris Tyrrell and Ian Donald. As competitors we are grateful for the time and effort you have put into helping each of our teams achieve their goals.

Thank you to all of those within the section who were willing to fill in at training and competition when members of other teams were absent. This remains a testament to the strength and success of our squad - four teams, one goal - to win.

To Bob Asser, Sue Troy, Chris, Ian, Al, Wayne and Clare who undertook judging and official duties at local

and championship carnivals this season, including State Open & Age championships. Without their willingness to take on these roles, particularly at State Age champs, the event may not be held.

To Dave Torevell, thanks for maintaining and repairing our reels. You're an honorary member of the R&R squad given your contributions to our success.

To Chris and Wayne, thanks for ensuring the transportation of the reels and tents to our competition destinations. A special thank you to Chris for securing our accommodation at Caves Beach for State Champs, giving our squad an opportunity to spend some quality time together during the competition weekend.

To the husbands, wives, parents, partners and children of the competitors and coaches, a special thank you for allowing all this to happen.

For the competitors, a special thanks to you all. We are all competing in Open competition: our squad transcends competitors in age groups from U19 to Masters. Despite our age differences, we have a common goal:

- (a) to be the best lifesavers we can be;
- (b) to be the best competitors we can be;
- (c) have the best time possible having regard to (a) & (b).

Well done to all for a great season and look forward to a brighter 2020-21 season - stay safe and well.

HARBORD BEACH HOTEL FRESHWATER MASTERS CARNIVAL

Simon Phin, Freshwater Masters Convenor

This season we celebrated a unique event. Australia's longest continuously run local Masters Carnival, **'The Freshie Masters'**.

Twenty-five years ago, a young Ross Parry had the foresight to provide a platform for Masters to participate and compete in, ensuring they continued to have an opportunity to practice their SLSA skills in a warm and friendly environment. In 2019 we celebrated this with near-perfect conditions and attendance.

The 2019 Freshie Masters, brought to you by the **Harbord Beach Hotel (HBH)**, is Australia's most attended local Masters Carnival. In 2017 we decided to shift the emphasis from a regular carnival of approximately 5-6 hours duration and make a shift to a Teams focus event that could be completed in a 3-3½hr schedule. What we have continued to see and receive feedback from, is that this format works. Numbers continue to increase, more clubs from outside the Sydney Northern Beaches (SNB) Branch attend, and participants endorse the format.

Sean King and the Harbord Beach Hotel put forward \$2,000 in prize money that, without question, became the biggest purse for any Masters Carnival in NSW history. Importantly, this prize purse allows Teams to celebrate their participation back at the Hotel – with a

generous tab. As each year demonstrates The Freshie Masters format wins converts from far and wide. Our sincerest thanks to the HBH for supporting us over many, many years.

In 2019 we also saw 100 years of March Past and 40 years of Women in SLSA – so our celebrations were extra special. It was wonderful seeing Freshie represented by our own March Past Team as well as our first all-women's March Past Team for many years (possibly since 1940-45 when many of our members were deployed in WW2).

We had Masters attend from some 22 clubs with 15 clubs supplying Teams. Final point scores were, 15th Coogee (6pts), 14th Narrabeen (10pts), 13th Dee Why (10pts), 12th North Curl Curl (13pts), 11th Bondi (15pts), 10th Queenscliff (18pts), 9th Newport (19pts), 8th Warriewood (21pts), 7th Avalon (38pts), 6th Mona Vale (39pts), 5th Bronte (40pts), 4th Palm Beach (41pts), 3rd North Bondi (51pts), 2nd Freshwater (81pts), 1st Manly (94pts).

Our congratulations to Manly LSC taking out the 'Ross Parry Cup' who demonstrated that sheer numbers and ensuring every event was filled with one or two Teams made all the difference.

We introduced the 'Dash for Cash' for the U/50 and O/50, with equal prize money. A world-first sprint from the Surf Cans, body surf to the shore and sprint up the beach proved to be a real winner and will be back in 2020.

We also saw the passing of the baton this year with Ross stepping back from the helm after 25 years of dedication to the Masters cause. We won't lose Ross, you'll see him on your social feeds; Instagram, Twitter, Snapchat, Tik Tok and, of course, around the club in his well-loved rainbow thongs and Fergusson walk shorts. From generations of grateful Masters, thanks, Ross.

It would be remiss of us not to acknowledge and thank Paul Lemlin for his magnificent lens work through the day and sharing his photos with all attendees. We would also like to thank Murphy Trueman for the first class flyers sent far and wide early in the season.

We now look forward to the next 25 years commencing in 2020 and wish to thank all those club members who make this day such a success and, in the almost unanimous feedback we received, the best carnival of the season.

EVENTS

BENNETT FRESHWATER FAST & FURIOUS CARNIVAL

Michal Brenchley, Carnival Organiser

This was the 15th year of the carnival being run and was held on Sunday 17 November 2019.

The new format was a hit with all age groups having four races each and the U11-U14's highest scorers qualified for the iron-man event which was run as M-course which was popular with all who competed.

The day went off without a hitch, we could not have asked for better surf conditions and the weather was perfect. Freshwater hosted just under 400 competitors from 16 clubs in NSW incl. Freshwater which is a record number of clubs turning out for this carnival.

We had more Freshwater nippers this year with a total of 76 registering.

We once again had a superb team of volunteers in the lead up to both events and on the carnival days.

Thankyou's go to the following Freshwater SLSC members who had a part in the running and success of this carnival:

- Richard Hawtin – Carnival Referee – great job once again keeping the events running smoothly.
- Tom Duffy – ESO
- Hamish McLean & Michael Kirkby – Sectional Referees – A wealth of knowledge and integral in helping in the efficient running of the carnival

- Mike Westdorp – Announcer – always entertaining and managed to keep everyone informed of what was happening.

- Andrew Braund & Chris Veitch – Water Safety and IRB – with a fantastic group of volunteers who were tested out there on the day.

- James Coates & team for the can set up & Paul McGettigan for beach set up and pack up

- Sylvia Meszaros led the catering team – keeping all the officials, water safety, IRB, First Aid and sponsors fed and watered! Not an easy job. They were also responsible for the set up and running of the BBQ.

- Monique Nitz for acquiring all the sponsors & prizes for the day, & then also filling in as Head Judge on the beach.

- Jenny Bourgeois on Registration

- Emily Lemlin and the wonderful volunteers – First Aid – luckily no injuries in the wild conditions.

- Again a huge thank you to Richard Hawtin & Hamish McLean for all their support and assistance leading up to the event and on the day.

We had very generous sponsors once again and were able to give out some fantastic prizes to the place getters.

Major Sponsor:

- **Bennett Boards** who very generously donated:
 - ♦ 1 x 10'6" Race Boards – Small
 - ♦ 1 x Standard Soft Nipper Board
 - ♦ 1 x Jumbo Soft Nipper Board
 - ♦ 1 x Fiberglass Nipper Board
- **Engine**
- **The Way Funky Company**
- **Guzman & Gomez**
- **Bendigo Bank**

List of clubs who participated:

Avalon SLSC, Bilgola SLSC, Collaroy SLSC, Cooks Hill SLSC, Dee Why SLSC, Freshwater SLSC, Long Reef SLSC, Manly LSC, Mona Vale SLSC, Newport SLSC, North Curl Curl SLSC, North Narrabeen SLSC, North Steyne SLSC, Queenscliff SLSC, South Maroubra SLSC, Thirroul SLSC

FRESHWATER OPEN BOAT CARNIVAL

Ian Cradock (Crash), Carnival Organiser

2019's Boat Carnival was once again very successful. The number of crews competing this year had increased to over 70. The weather Gods were with us, as the sun shone and a little wave came through to add some excitement to the days racing.

After the event we offered a steak sandwich and raffle for all. This year our vouchers were drawn for the

Harbord Hilton and Pulu, prizes everyone was happy to receive. Our after-carnival BBQ and Beer is a tradition we have carried through the last couple of years, and it's always great to catch up with everyone from other clubs.

I would like to thank everyone who was involved with this year's preparation of another successful boat carnival. This is including all from

the Officials, IRB, First Aid, Photography, Hospitality, Carpark Chiefs and everyone else in between. It would be impossible to pull off an event like this without all the many hands the Club and our community provide year after year.

Thank you and I look forward to another beer after it's all done next year!

OFFICIALS

Freshwater continues to provide Officials at both local and State levels across the breadth of Surf Sports events – Board/Ski/Swim, R&R, Boats, Lifesaving and March Past. Michael(s) Bate and Kirkby, Lindsay Davis & Bob Asser provide their extensive experience “at the pointy end” of key events at Branch and State level. These are supplemented by Hamish Mclean and Richard Hawtin as Referees and Sectionals at Nippers level and the Freakleys (collective) at R&R. All of the above are thoroughly supported by the numerous others who fill the roles of judges, marshalls and starters across numerous carnivals with specific note being made for the Nippers parents who are able to

provide the entire officials quota for the Bennett Board Carnival in November – a great achievement! A final message to all club members is to please consider becoming an official – it is very rewarding and without club members volunteering to perform this role the Surf Sports events will not occur.

EVENTS

AUSTRALIA DAY OPEN CARNIVAL

RICHARD HAWTIN, Carnival Organiser

The 2020 Freshwater Australia Day Open Carnival was held on Sunday 26th January – it was publicised as being part of “Perfect Australia Day Weekend” of surf events along with Manly LSC. This was a continued attempt to increase the profile of this surf lifesaving weekend on the Northern Beaches against competition from Queensland club events.

This year saw the holding of the Inter-State competition the week before in Queensland which impacted local and interstate competitors, and saw competitor numbers of approximately 650 entries for the day.

For the carnival itself the events program included U13 and U14 events, and the U15 and U17 age groups using the northern area and Opens and U19's using the central and southern area.

Fair weather and Hamish Mclean as the Carnival Referee meant events kept to schedule and the carnival was concluded “on time” with the March Past run at 9.30am and events concluded around 2.30pm.

I would like to think the manner by which Hamish, on his debut in the role, performed the role of Carnival Referee and the teams of sectionals and officials under him, is recognised by the competitors as making for a “positive experience” when coming to Freshwater.

I would like to thank Hamish for performing the key role of Referee and secondly to members across the breadth of the club who contribute to making the day the success it was:-

- Josh and Maddison the caretakers for their work in preparing the club for the day;
- Gaven Needham and the Masters competitors for the set up;
- Kay Cowley for the planning and preparation of the catering for the officials, carnival workforce and formal function;
- Ian Cradock and the boaties for undertaking parking and traffic control responsibilities;
- Emily Lemlin and her group of members who provided first aid coverage;

- Dierk Hartmann and patrolling members on the day who supported ATV duties and provided work crew as required during the day and covered pack up duties;
- Lynn Doyle and her helpers for the registration at the beginning of the day;
- John Lo Schiavo and the IRB drivers & crews for setting up the courses and providing water safety;
- Mary-Louise Parkinson for arranging the sponsorship by Healthy Care Australia and supporting me in the promotion of the events;
- Paul McGettigan and the Nipper Parent group who set up and manned the BBQ all day;
- Shanny and Liv Dyer for managing the radios and being “results collaters” for the day;
- Tom Duffy for being ESO on the day; and
- Al Burns for hosting the club's formal function on the day.

EVENTS

SUNDAY SURF RACE

ROSS PARRY, Organiser

Over the years the club has conducted a Sunday morning surf race and it continues today with interest. However this season was unfortunately cut short due to the Covid-19 shutdown. We held 11 races with 61 individual competitors. We also had 28 senior board race competitors compete for the Don (Bullet) Henderson Cup.

The results for the year were as follows:

President's Cup
Sam Jones

U14yrs Chairman's Cup
Not Held

Jock McPhee Award (total points first 3 races)
Chris Pendray

Alex McPhee Award (total points last 3 races)
Sam Jones

Most improved Swimmer
Max Coates

Don (Bullet) Henderson Cup (total points during season for Board Race)
Liam Wiseman

Most improved Board Rider
Lucas Blakeney

Most improved U14 Swimmer
Not Held

U14 Board Race Point Score
Not Held

Unfortunately this season we had little or no interest from the U14s and subsequently those awards were not recognised. Hopefully next season we will get some support from that age group and the nippers to compete in our regular surf races.

Congratulations to all the winners. Special mention to Sam Jones who has won the President's Cup now for 3 years in a row. (It helps when you look after the handicapper).

All times before next season will be reviewed and no complaints entered into! I want to thank the IRB crews for their help each Sunday for the laying of the buoys and to Rick Ware, Dave Torevell and Kev Crow for their continued efforts with water safety and martialling. I hope everyone enjoyed the season even though it ended suddenly.

I look forward hopefully to seeing you all again in October 2020. Thank you.
